Dear Harley-Davidson Motorcycle Owner:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Harley-Davidson Motor Company, Inc. has decided that a defect, which relates to motor vehicle safety exists in an Accessory Voltage Regulator Cover (part number 74593-04) when installed on certain 2004 and 2005 FXD, FXDX, FXDI, FXDXI Dyna Glide model motorcycles, or 2005 FXDC and FXDCI Dyna Glide models. If the chrome accessory Voltage Regulator Cover is installed on the vehicles listed above, it could contact the fender under certain riding conditions, and possibly cause the cover and front fender to become locked together. If this should occur, suspension travel and steering would be severely limited, thereby presenting the risk of injury or death to the rider. [Note: Installation and use of this part on other Dyna model motorcycles not listed above will not cause a safety problem due to differences in design in those models.]

Our records indicate that you have the accessory Voltage Regulator Cover identified in this safety recall installed on your vehicle.

We strongly urge you to take your motorcycle to your dealer to have the cover removed as soon as possible. Your dealer will remove the part free of charge, and reimburse you for the retail cost of the part. Should you choose to ride your motorcycle with this part installed, we urge you to be aware of this condition. If you had this repair before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. For more information contact Harley-Davidson at 1-414-343-4056.

Please contact your Harley-Davidson motorcycle dealer immediately and arrange an appointment to have your Voltage Regulator Cover removed. The dealer labor time to perform this service takes approximately 1 hour. You will be reimbursed at full retail for the cost of the regulator. The labor to remove the part will be free of charge to you.

To verify that the service has been completed, Dealer will ask you to sign a recall claim. If you have sold your motorcycle, please forward the appropriate information about your purchaser. This will enable us to contact him/her and advise that person of this recall. Also, Federal

regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

If you take your motorcycle to your dealer on a mutually agreed upon date and he does not perform the required service to your satisfaction, please contact Harley-Davidson Motor Company, Inc. for immediate assistance at the address or telephone number listed on this letterhead. If your dealer or Harley-Davidson Motor Company, Inc. fails or is unable to remedy your motorcycle without charge within a reasonable time, you may wish to inform the Administrator, The National Highway Traffic Safety Administration, 400 Seventh Street, SW, Washington, DC 25090, or call the toll-free Auto Safety Hotline at 1-888-DASH-2DOT or contact NHTSA at www.NHTSA.DOT.GOV.
