MPH
N.H.T.S.A. No. 04V-156

IMPORTANT MOTORCYCLE SAFETY RECALL

Male Fuel Connectors

Tiger

Affected VIN Range: 074450-100077

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Triumph Motorcycles has decided that a defect, which relates to motor vehicle safety, exists in certain Tiger Motorcycles. This vehicle has a male fuel connector linking each of the fuel and return fuel lines to the fuel pump mounting plate, fixed to the underside or right side of the fuel tank, that may contain a fracture following any mis-handling. If the male fuel connector fractures, fuel may escape from the connector onto the engine or side of the motorcycle resulting in a potential fire or loss of control of the motorcycle.

Our records indicate you are the owner of a Tiger - VIN «VIN».

This machine is included within the above Safety Recall and we urge you to contact your local Triumph dealer immediately in order to have the male fuel connectors replaced at no charge to you. This repair will take less than 30 minutes and will be free of charge. If you paid to remedy the issue addressed in this notice, you may be eligible for a refund. Please provide the paid invoice to an authorized dealer, or directly to Triumph at 305 Walt Sanders Memorial Drive, Suite 100, Newnan, GA 30145.

Avoiding this modification may result in fuel escaping from the male fuel connector onto the engine or side of the motorcycle resulting in a potential fire or loss of control of the motorcycle.

You are strongly advised not to attempt to disconnect any of the male fuel connectors at any point in time, either prior to or following the recall modification. To ensure a long and trouble free life for your motorcycle, an authorized Triumph dealer should carry out maintenance.

Federal regulations require that any vehicle owner receiving the Recall Notice must forward a copy of this notice to the leasee within ten days of receipt.

Should you need to discuss any aspect of this recall, we suggest you contact your dealer. If required, however, please do not hesitate to call our Customer Service representative at (678) 854 - 2010.

May we take this opportunity to apologize for any inconvenience this action may cause. However, we are sure you will agree that under the circumstances, our actions should be regarded positively. We trust you will co-operate with this recall by contacting your dealer today to arrange for this important work to be completed.

This action is being monitored by the N.H.T.S.A. If after contacting your dealer you are still not satisfied that we have done our best to remedy this condition without charge and within reasonable time, you may wish to contact The Administrator, National Highway and Traffic Safety Administration, 400 Seventh Street S.W., Washington D.C. 20590 or please call 1 - 888 - 327 - 4236.

NHTSA No. 04V-156

IMPORTANT MOTORCYCLE SAFETY RECALL

~~Subject:~~
Male Fuel Connectors

~~Dayton 600~~

Affected VIN Range: 170604-180606

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Triumph Motorcycles has decided that a defect, which relates to motor vehicle safety exists in certain Dayton 600 Motorcycles. This vehicle has a male fuel connector linking each of the fuel and return fuel lines to the fuel pump mounting plate, fixed to the underside or right side of the fuel tank, that may contain a fracture following any use-handling. If the male fuel connector fractures, fuel may escape from the connector onto the engine or side of the motorcycle resulting in a potential fire or loss of control of the motorcycle.

Our records indicate you are the owner of a Dayton 600 - VIN «VIN»

This machine is included within the above safety Recall and we urge you to contact your local Triumph dealer immediately in order to have the male fuel connectors replaced at no charge to you. This repair will take less than 30 minutes and will be free of charge. If you paid to remedy the issue addressed in this notice, you may be eligible for a refund. Please provide the paid invoice to an authorized dealer, or directly to Triumph at 385 Walt Sanders Memorial Drive, Suite 100, Newnan, GA 30246.

Avoiding this modification may result in fuel escaping from the male fuel connector onto the engine or side of the motorcycle resulting in a potential fire or loss of control of the motorcycle.

You are strongly advised not to attempt to disconnect any of the male fuel connectors at any point in time, either prior to or following the recall modification. To ensure a long and trouble free life for your motorcycle, an authorized Triumph dealer should carry out maintenance.

Federal regulations require that any vehicle issuer receiving the Recall Notice must forward a copy of this notice to the issuer within ten days of receipt.

Should you need to discuss any aspect of this recall, we suggest you contact your dealer. If required, however, please do not hesitate to call our Customer Service representative at (678) 854 - 2010.

May we take this opportunity to apologize for any inconvenience this action may cause. However, we are sure you will agree that under the circumstances, our actions should be regarded positively. We trust you will co-operate with this recall by contacting your dealer today to arrange for this important work to be completed.

This action is being monitored by the NHTSA. If after contacting your dealer you are still not satisfied that we have done our best to remedy this condition without charge and within reasonable time, you may wish to contact The Administrator, National Highway and Traffic Safety Administration, 400 Seventh Street S.W., Washington D.C. 20590 or please call 1 - 888 - 327 - 4236.

Dear <FIRST>:

IMPORTANT MOTORCYCLE SAFETY RECALL

Male Fuel Connectors

TT 600

Affected VIN Range: 098689-172949

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Triumph Motorcycles has decided that a defect, which relates to motor vehicle safety exists in certain TT 600 Motorcycles. This vehicle has a male fuel connector linking each of the feed and return fuel hoses to the fuel pump mounting plate, fitted to the underside or right side of the fuel tank, that may contain a fracture following any mis-handling. If the male fuel connector fractures, fuel may escape from the connector onto the engine or side of the motorcycle resulting in a potential fire or loss of control of the motorcycle.

Our records indicate you are the owner of a TT 600 - VIN <VIN>

This machine is included within the above Safety Recall and we urge you to contact your local Triumph dealer immediately in order to have the male fuel connectors replaced at no charge to you. This repair will take less than 30 minutes and will be free of charge. If you paid to remedy the issue addressed in this notice, you may be eligible for a refund. Please provide the paid invoice to an authorized dealer, or directly to Triumph at 385 Walt Sanders Memorial Drive, Suite 100, Newnan, GA 30265.

Avoiding this modification may result in fuel escaping from the male fuel connector onto the engine or side of the motorcycle resulting in a potential fire or loss of control of the motorcycle.

You are strongly advised not to attempt to disconnect any of the male fuel connectors at any point in time, either prior to or following the recall modification. To ensure a long and trouble free life for your motorcycle, an authorized Triumph dealer should carry out maintenance.

Federal regulations require that any vehicle leaser receiving the Recall Notice must forward a copy of this notice to the leaser within ten days of receipt.

Should you need to discuss any aspect of this recall, we suggest you contact your dealer. If repaired, however, please do not hesitate to call our Customer Service representative at (678) 854 - 2910.

May we take this opportunity to apologize for any inconvenience this action may cause. However, we are sure you will agree that under the circumstances, our actions should be regarded positively. We trust you will co-operate with this recall by contacting your dealer today to arrange for this important work to be completed.

Dear <FIRST>:

IMPORTANT MOTORCYCLE SAFETY RECALL

Male Fuel Connectors

Sprint ST

Affected VIN Range: 073019-100070

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Triumph Motorcycles has decided that a defect, which relates to motor vehicle safety exists in certain Sprint ST Motorcycles. This vehicle has a male fuel connector linking each of the feed and return fuel hoses to the fuel pump mounting plate, fixed to the underside or right side of the fuel tank, that may contain a fracture following any mis-handling. If the male fuel connector fractures, fuel may escape from the connector onto the engine or side of the motorcycle resulting in a potential fire or loss of control of the motorcycle.

Our records indicate you are the owner of a Sprint ST - VIN <VIN>

This machine is included within the above Safety Recall and we urge you to contact your local Triumph dealer immediately in order to have the male fuel connectors replaced at no charge to you. This repair will take less than 30 minutes and will be free of charge. If you paid to remedy the issue addressed in this notice, you may be eligible for a refund. Please provide the paid invoice to an authorized dealer, or directly to Triumph at 385 West Sanders Memorial Drive, Suite 100, Newnan, GA 30265.

Avoiding this modification may result in fuel escaping from the male fuel connector onto the engine or side of the motorcycle resulting in a potential fire or loss of control of the motorcycle.

You are strongly advised not to attempt to disconnect any of the male fuel connectors at any point in time, either prior to or following the recall modification. To ensure a long and trouble free life for your motorcycle, an authorized Triumph dealer should carry out maintenance.

Federal regulations requires that any vehicle lessor receiving the Recall Notice must forward a copy of this notice to the lessee within ten days of receipt.

Should you need to discuss any aspect of this recall, we suggest you contact your dealer. If required, however, please do not hesitate to call our Customer Service representative at (678) 854 - 2010.

May we take this opportunity to apologize for any inconvenience this action may cause. However, we are sure you will agree that under the circumstances, our actions should be regarded positively.
