

**Safety Recall #2004-070012**

August, 2004

Dear Mercedes-Benz Owner,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. WE SENT YOU THIS NOTICE BECAUSE WE ARE CONCERNED ABOUT YOUR SAFETY.

DaimlerChrysler AG (DCAG), the manufacturer of Mercedes-Benz vehicles, has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2001 - 2004 S-600 and CL-600 vehicles. Mercedes-Benz USA, LLC (MBUSA) therefore has initiated a recall of these vehicles. Our records indicate that your vehicle is included in this group.

DCAG has determined that the high pressure hydraulic distribution hose of the Active Body Control (ABC) system in Model Year 2001 - 2004 S-600 and CL-600 vehicles may deteriorate over time due to extensive exposure to humidity and high temperatures. This could result in a loss of ABC hydraulic fluid from the vehicle. Under some circumstances leaking hydraulic fluid may come in contact with hot engine components and lead to a possibility of fire.

Your authorized Mercedes-Benz dealer is available to provide this service, free of charge. The working time required is approximately two hours. Please contact your authorized Mercedes-Benz dealer to schedule an appointment at your earliest convenience. Please mention Recall Campaign #2004-070012.
