RE: IMPORTANT SAFETY RECALL NOTIFICATION: SR-04-006

Dear Mitsubishi Owner,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Reason For Notice: Mitsubishi Motors North America, Inc. has determined that the driver's seat bracket may develop a crack at the base of the seat where it mounts to the floor. A crack in that bracket may result in reduced strength of the seat. In the event of a collision, the seat could become detached, increasing the potential for occupant injury.

What you should do: Please contact your Authorized Mitsubishi Dealer to schedule a repair date. When you bring your vehicle in, and the dealer has received this letter, they will still make the repair, free of charge.)

What your dealer will do: The dealer will inspect the driver's seat bracket to determine whether it requires replacement. If a crack does exist, they will replace it with a new, improved part, free of charge.

How long will it take? The time needed for the actual repair is approximately 30 minutes. The dealer may need your vehicle for a longer period of time due to service scheduling issues, but every effort will be made to minimize your inconvenience.
