VEHICLE SAFETY DEFECT SERVICE BULLETIN

Recall Campaign No. 04V325000

Monaco File # R04028

Re: Safety Recall - ABS Dash Lights

Dear Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Monaco Coach Corporation ("Monaco") has decided that specific model year 2005 Monaco Executive Class A motorhomes fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 571.135 "Brake Systems." According to our information, your motorhome identified on the enclosed form is affected. *Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.*

Monaco has become aware that the Antilock Brake System (ABS) lights are not visible on the instrument cluster of the dashboard of the affected motorhomes. Without the ABS indicator lights to warn you that there is a fault in the ABS system, you may not be prepared to react properly to current road conditions and/or traffic flow and a crash could occur without prior warning.

The remedy will involve rewiring plugs to correct the signal from the ABS module and the installation of amber colored lights to the instrument cluster of the dashboard. This correction will be provided at no charge to you.

You may contact your Monaco Coach Corporation dealer to arrange for a service appointment. Instructions for making this correction have been sent to your dealer and parts are readily available.

The labor time necessary to perform this recall campaign is approximately .75 hour. Please ask your dealer if you wish to know how much additional time may be needed to schedule and process your motorhome.

The enclosed Recall Notification Form identifies your motorhome and will serve as an authorization and claim form to have the correction made. Presentation of this form to your dealer will assist in making the necessary correction in the shortest possible time. If you have sold or traded your motorhome, or for any reason cannot have this recall service performed, please let us know by completing the postage paid reply card and returning it to us promptly.

Your Monaco Coach Corporation dealer is best equipped to provide service to ensure your motorhome is corrected as promptly as possible. If, however, you take your motorhome to your dealer on the agreed service date and the dealer does not remedy this condition on that date or within three (3) days, please call our toll free number of (800) 685-6545.

If, after contacting your dealer, and the recall assistance service line, you believe Monaco Coach Corporation has failed or has been unable to remedy the noncompliance without charge or there has been an unreasonable delay in securing the remedy, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 400 Seventh Street, SW, Washington, DC 20590 or call the toll free Auto Safety Hotline at (888) 327-4236.

We apologize for this inconvenience. However, we have taken this action in the interest of your safety and continued satisfaction with your motorhome.

Sincerely,

Michael R. Becker
Customer Service Manager
Monaco Coach Corporation
