Safety Recall 04S15

Mr. John Sample  
123 Main Street  
Anywhere, USA 12345

Your Vehicle Identification Number: 12345678901234567

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that a defect which relates to motor vehicle safety exists in certain 2003 Model Year F-Super Duty and Excursion vehicles equipped with 6.0L Diesel engines.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with Ford dealers, is to provide you with the highest level of service and support possible.

**What is the issue?**

The ground stud that attaches the negative battery terminal eyelet to the engine block may be loose. If the ground wire is loose, electric current may flow to the radio suppression strap causing it to heat and potentially melt or ignite adjacent components, which could result in a fire.

**What will Ford and your dealer do?**

Ford Motor Company and your dealer will inspect the negative battery terminal eyelet-to-engine block connection for looseness, clean the attachment area of the block and battery cable eyelet, and install a new stud to secure the cable to the engine. If the negative battery cable connection was found to be loose, dealers will also inspect the radio suppression strap and surrounding components for signs of heat damage and repair as necessary. These services will be done free of charge (parts and labor). We urge you to return to your dealer for this service.

**How long will it take?** The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time. In addition, your vehicle will require inspection prior to determining if additional parts need to be ordered.

**What are we asking you to do?** Please call your dealer without delay and request a service date for Recall 04S15. Provide the dealer with the Vehicle Identification Number (VIN) of your vehicle. The VIN is printed near your name at the beginning of this letter.

If you do not already have a servicing dealer, you can access <http://www.genuinefordservice.com> for dealer addresses, maps, and driving instructions.

**Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.**

**Have you previously paid for this repair?** If you paid to remedy the issue addressed in this notice, you may be eligible for a refund either through your dealer or directly from Ford Motor Company.

To verify eligibility and expedite reimbursement, give your paid original receipt to your dealer. Refund requests, including all required documentation, may also be mailed to Ford at P.O. Box 1904, Dearborn, Michigan 48121. Refund requests mailed to Ford may take up to 60 days to process.

Detailed information regarding eligibility for Ford's reimbursement program and documentation requirements may be obtained by contacting the Ford Customer Relationship Center at 1-866-436-7332. Owners who have previously paid for this repair are still eligible to have the recall described in this letter performed.

**Have you changed your address or sold the vehicle?** If you have, please fill out the enclosed prepaid postcard and mail it to us so we can update our records. If you have sold the vehicle, the information you provide on the postcard will be used to notify the new owner about this recall.

**Can we assist you further?**

If you have difficulty getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.

If you still have concerns, please contact the Ford Motor Company Customer Relationship Center and one of our representatives will be happy to assist you.
