Compliance Recall 04C10

Mr. John Sample
123 Main Street
Anywhere, USA 12345

Your Vehicle Identification Number: 12345678901234567

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that certain 2005 model year, E-450 vehicles fail to conform to the requirements specified in Federal Motor Vehicle Safety Standard (FMVSS) No. 120 – Tire Selection and Rims For Motor Vehicles Other Than Passenger Cars.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with Ford dealers, is to provide you with the highest level of service and support.

What is the issue?

Your vehicle was produced with Vehicle Certification and Incomplete Vehicle Manual Labels that state the incorrect rear tire pressure. At the incorrectly stated pressure, the rear tires are unable to support the Gross Axle Weight Rating (GAWR) for the rear axle. Federal Motor Vehicle Safety Standard 120 requires that tires inflated to the pressure stated on the label must support the GAWR.

Failure to follow proper vehicle loading specifications and the correct tire inflation recommendations can result in tire damage and vehicle instability, which could result in a crash without warning.

What will Ford and your dealer do?

For vehicles that have completed final assembly (conversion) process, Ford Motor Company and your dealer will attach supplemental tire pressure labels to your vehicle and replace the four (4) rear tires, free of charge (parts and labor). We urge you to return to your dealer for this service.

For vehicles that have not completed the final assembly (conversion) process, Ford Motor Company and your dealer will attach supplemental tire pressure labels to your vehicle, inspect the rear tire pressure on all four (4) rear tires and adjust if necessary.

How long will it take?

The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.

What are we asking you to do?

Please call your dealer without delay and request a service date for Recall 04C10. Provide the dealer with the Vehicle Identification Number (VIN) of your vehicle. The VIN is printed near your name at the beginning of this letter.

Fleet Owners: To locate a dealer, call 1-800-34FLEET. Representatives are available 8:30AM to 6:00PM Monday through Friday (Eastern Time Zone).

Motorhome Owners: To locate a dealer that services Motorhomes, call the Motorhome Customer Assistance Center toll free at 1-800-444-3311. Ford representatives are available 24 hours a day.

All Other Owners: If you do not already have a servicing dealer, you can access <http://www.genuinefilmservice.com> for dealer addresses, maps, and driving instructions.

Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

Have you previously paid for this repair?

If you paid to remedy the issue addressed in this notice, you may be eligible for a refund either through your dealer or directly from Ford Motor Company.

To verify eligibility and expedite reimbursement, give your paid original receipt to your dealer. Refund requests, including all required documentation, may also be mailed to Ford at P.O. Box 6251, Dearborn, Michigan 48121-6251. Refund requests mailed to Ford may take up to 60 days to process.

Detailed information regarding eligibility for Ford's reimbursement program and documentation requirements may be obtained by contacting the Ford Customer Relationship Center at 1-866-436-7332. Owners who have previously paid for this repair are still eligible to have the recall described in this letter performed.

Have you changed your address or sold the vehicle?

If you have, please fill out the enclosed prepaid postcard and mail it to us so we can update our records. If you have sold the vehicle, the information you provide on the postcard will be used to notify the new owner about this recall.
