Re: NHTSA Recall No. 04V-026

Dear Ms. Taylor:

Please accept this letter as an update to Recall No. 04V-026.

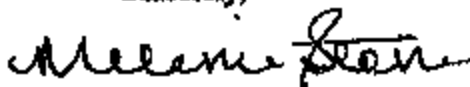

We are pleased to report that we have completed the necessary repairs for this recall and have accounted for 100% of the affected units. I have attached a spreadsheet that shows the repair date by VIN for 53 units. The 54<sup>th</sup> unit was the trailer involved in the initial incident. It was subsequently totaled by the insurance company, and is noted as "totaled" on the attached report.

Having accounted for 100% of the units at issue in this recall, we assume that future reports, including NHTSA mandated quarterly reports, are unnecessary. Accordingly, we plan to close our file on this recall and assume that NHTSA will do the same unless we hear otherwise from you.

Please do not hesitate to contact me with any questions you might have. In the event I am not available and you need information immediately, please direct your inquiries to Mr. Bryan Howes.

Thank you very much for your assistance.

Sincerely,

Melanie S. Stone

Encl.
