RE: Quarterly Recall Reporting

Attached are quarterly reports for the following recall campaigns:

04E-047  
04V-137  
04V-164  
04V-523  
05V-052  
05V-149  
05V-233

I have updated the reports for the third quarter and have removed the number of motorcycles repaired prior to first sale (#7) from the total bikes repaired (#4). By adding these two figures, the report now shows the total number of bikes repaired. I know this has caused some confusion in the past.

In addition, due to duplication in a report that I previously used to gather this data, the figures on the reports dated July 11, 2005 may have been inaccurate. All figures have been revised and are accurate through the end of September 2005.

If you have any questions regarding this submission, please feel free to contact me at 316-219-0584. I apologize for any confusion this may cause.

Sincerely,

Anne Dixon
