OFFICE OF
DEFECTS INVESTIGATION

November 4, 2005

Mr. Ronald Medford
Senior Administrator for Vehicle Safety
National Highway Traffic Safety Administration
400 7th Street, S.W.
Washington, D.C. 20590

Dear Mr. Medford:

Subject: Recall Campaign No. 04V-427

Enclosed is a copy of a follow-up Service Bulletin concerning the subject recall campaign. This bulletin was mailed to all authorized Suzuki automotive dealers in the mainland U.S. on October 28, 2005.

Please contact me if you have any questions concerning this matter.

Sincerely,

AMERICAN SUZUKI MOTOR CORPORATION

Kenneth M. Bush
Associate Director
Government Relations

Service Bulletin

NUMBER: SC-29

PAGE: 1 of 1

SUBJECT: SAFETY CAMPAIGN NOTICE No. ER
Fuel Pressure Regulator and Related Parts
Second Owner Notification

MODEL: All 1999-2003 Grand Vitara and Grand Vitara XL-7
Certain 2004 Vitara

On September 30, 2004, American Suzuki Motor Corporation notified owners that under extremely cold ambient temperature conditions, (-13 degrees Fahrenheit), moisture can freeze in the fuel pressure regulator. As a result, fuel system pressure may increase at the time of engine start up, resulting in fuel loss at the fuel pipe/fuel hose connection. Fuel loss in the presence of an ignition source could result in a fire.

During the month of November 2005, ASMC will begin to re-notify approximately 95,000 owners of those affected vehicles that have yet to have the ER recall completed.

ASMC is requesting that Suzuki dealers replace the fuel pressure regulator and related parts on the affected vehicle without cost to the customer.

This Important Safety Recall supersedes the previously released X4 recall regardless of whether the previous recall was performed or not.

Please ensure that your parts department has an adequate supply of recall parts kits to accommodate demand at your location.

If an affected vehicle is currently in your Service Department or is brought in for other service in the future, use this opportunity to complete this important Safety Recall. Be certain to inform the customer of the recall completion.

Please refer to Vitara, Grand Vitara, XL-7 Technical Service Bulletin TSB 13 09164 for installation instructions and Campaign Bulletin SC-26 for claim submission instructions.

If you have questions, please contact your Suzuki District Service and Parts Manager or the Warranty Assistance Help Line at (800) 568-9968.
