VEHICLE SAFETY DEFECT SERVICE BULLETIN

****SECOND NOTICE****

**Recall Campaign No: 04V-127
Four Winds International Corporation File Number: R030009
Bolting the Seat Belt Harness**

Re: Safety Recall – Bolting the Seat Belt Harness

Dear Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. This notice is a follow-up notice to an earlier communication sent to you in May 2004 by Four Winds International regarding the seat belt harness recall campaign referenced above.

Our records indicate that Four Winds International did not receive a response from you to the initial notice sent in connection with this recall campaign. Four Winds International urges you to follow the procedures set forth in this follow-up notice. By doing so, you will assist Four Winds International in its efforts to ensure that all of the motorhomes subject to this recall campaign are repaired.

Four Winds International has decided that a defect which relates to motor vehicle safety exists in certain 2004 Four Winds Class A Hurricane, Infinity and Windsport motorhomes manufactured between May 2003 and March 2004. These motorhomes are equipped with three-point shoulder harness seat belts and may have a defect involving the installation of the seat pedestal brace that holds the seat belt harness in place for both the driver's seat and the passenger's seat. According to our records, your motorhome may contain this potential defect.

The defect involves the lack of, or improper installation of, the seat pedestal brace. Some of the motorhomes subject to this recall campaign may have been manufactured without the seat pedestal brace. In other cases, the seat pedestal brace may have been installed without utilizing four tee bolts to hold the brace in place. This defect can cause the seat belt harness to malfunction in the event of a crash and fail to properly restrain the

occupant of such seat, which could in turn result in injury or death to the occupant of the driver's seat or the passenger's seat.

The remedy will consist of either adding a seat pedestal brace and necessary hardware or by the addition of the tee bolts to hold the brace in place. This repair will be done at no charge to you.

You may contact your Four Winds International dealer or service center to arrange for a service appointment. If you need assistance in locating a dealer or service center in your area or you are having difficulty setting a service appointment, please contact us at 574-266-1111. Instructions for making this correction have been sent to your dealer and parts are readily available.

While the time for the remedy of the defect is expected to take approximately a half an hour, your dealer or service center may require you to leave the motorhome for a longer period of time to allow for the scheduling of such remedy.

If the non-compliance referred to above has been repaired on your motorhome prior to the receipt of this recall notification, and if you incurred any direct cost in connection with obtaining such repair, you may seek reimbursement from Four Winds International. In order to obtain such reimbursement you must submit the following information: (1) Your name and mailing address; (2) The VIN (vehicle identification number) number for your motorhome; (3) A reference to this recall campaign; and (4) A copy of the receipt or invoice for the repair.

This reimbursement may be obtained by sending your request for reimbursement along with the requested information referred to above to Four Winds International Corporation, P.O. Box 1486, Elkhart, IN 46515-1486.

Four Winds has notified the National Highway Traffic Safety Administration of this recall and the procedures involved. However, should Four Winds fail or be unable to correct the non-compliance without charge, you may write to Administrator, National Highway Traffic Safety Administration, 400 Seventh Street, S.W., Washington, DC 20590; or call the toll free Vehicle Safety Hotline at 888-327-4236; or call NHTSA's teletypewriter number (TTY: 1-800-424-9153); or go to NHTSA's website at <http://www.safercar.gov>.

Federal regulation requires any lessor receiving this letter to forward it to the lessee within 10 days.

Sincerely,

Tony Piwoszkin
Director of Customer Service
Four Winds International
