Dear Subaru Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. A previous notice was sent regarding this important safety recall.

SUBARU OF AMERICA, INC. has decided that a defect which relates to motor vehicle safety exists in certain 2002 through 2003 model year Subaru Impreza vehicles.

DESCRIPTION OF THE SAFETY DEFECT

Subaru has determined that the left front bolt that retains the forward part of the driver's seat to the seat rail in your vehicle may loosen and possibly fall out due to stress caused by normal occupant movement. If the bolt were to loosen or fall out, there is the possibility that the seat may separate from the seat slide rail in a crash, which would pose a safety hazard to the driver.

DESCRIPTION OF THE SAFETY HAZARD

The driver's seat is designed to remain stationary and provide occupant support during vehicle operation. If the left front seat slide rail bolt were to loosen or fall out, the integrity of the seat would be compromised. This could result in personal injury to the driver if the vehicle were involved in a crash. If the left front seat slide rail bolt is loose or has already fallen out, the driver may notice a rattling sound or experience a slight rocking movement in the seat. Whether or not either of these conditions is present in your vehicle, you should immediately contact your Subaru Dealer and make arrangements to have this repair performed promptly.

REPAIRS

To correct this condition, Subaru will replace the left front seat slide rail bolt at no cost to you.

WHAT YOU SHOULD DO

You should immediately contact your Subaru Dealer for an appointment to have this repair performed at no cost to you.

HOW LONG WILL THE REPAIR TAKE?

The actual time to install the replacement left front seat slide rail bolt is approximately 10 minutes. However, it may be necessary to leave your vehicle for a longer period of time on the day of your scheduled appointment to allow your dealer flexibility in scheduling. Please present this letter to your Subaru Dealer at the time this repair procedure is performed.
