DEFECT INFORMATION SYSTEMS

Subject: Defect Information Report, in accordance with 49 CFR 573.5
E-One Campaign: 05-03-28JBZ

Dear Sir:

This Report is submitted by Emergency One, Inc. in accordance with the requirements of The National Motor Vehicle Safety Act, 49 CFR 573.6. This information is presented to correspond to the sub paragraphs of section 573.6 (c).

1. 573.6 (c) (1)

This report is being submitted by: Emergency One, Inc.
1601 SW 37th Ave.
Ocala, FL 34474

2. 573.6 (c) (2) (ii)

This report pertains to the battery to starter cable on Series 60 EGR Detroit Diesel assemblies installed on certain 2003 to current Emergency One, Inc. fire trucks manufactured after May, 2003.

3. 573.6 (c) (2) (iv)

The fire trucks were manufactured by: Emergency One, Inc.
1601 SW 37th Ave.
Ocala, FL 34474

Contact: Mr. Alex Gombar
Manager, Customer Service

4. 573.6 (c) (2) (3)

Emergency One, Inc. has identified the number of units involved to be 160. Of the 160 units, 24 units have been exported. The total number that will be recalled is 136. This number was determined by completing a "where used" on the Series 60 EGR Detroit Diesel engine assembly.

5. 573.6 (c) (2) (4)

100 percent of the recalled units could contain the defective battery to starter motor cable.

Page 2
Ms. Kathleen DeMeter
National Highway Traffic Safety Administration
April 2005

6. 573.6 (c) (2) (5)

Emergency One, Inc. determined that the potential exists for the battery to starter motor cable to rub against the hex-head plug on the fuel filter causing insulation damage and unintentional grounding. If not detected and repaired this could cause a fire in the engine compartment.

7. 573.6 (c) (2) (6)

In March, 2005, Emergency One, Inc. received notification that the potential for the unintentional grounding existed.

8. 573.6 (c) (2) (7)

This issue does not involve a non-compliance with a motor vehicle standard.

9. 573.6 (c) (8)

The remedy for this issue is to replace the hex head plug on the fuel filter with a 3/8" allen – head plug. This will increase the clearance between the cable and the fuel filter plug. All units in current production will have this modification installed.

10. 573.6 (c) (2) (8)

Notification of the recall to E-One dealers began on March 31, 2005. Notification of the recall to owners should begin on approximately April 1, 2005 and shall be completed May 1, 2005. The notification will be a mailing to each owner.

We believe the information in this document meets the requirements of 49 CFR 573.6. If you believe we have not met all of the requirements, please notify us. Any questions regarding this information can be directed to Mr. John Kabacinski at phone number (352) 861-3795 or fax number (352) 861-3440.

Sincerely,

Alex Gombar
Manager of Customer Service

Enclosures: E-One Dealer Notification Bulletin
E-One Customer Notification Bulletin
E-One Users List

We are emailing a user's list of the units in your area that are affected. **If you do not receive a user's list, you can disregard this Bulletin.**

It is urgent that units in your area be scheduled for modification, and that the modification be completed within 30 days.

Reimbursement for the modification will be made through the normal warranty claim process. A maximum labor allowance of 1 hour will be allowed plus drive time at half the hourly rate.

Technical assistance for the modification may be obtained by calling E-ONE Customer Service at (352) 861-6895 (Ernest Patterson).

Subsidiary of Federal Signal Corporation.

April, 2005

#05-03-28-JBZ

Dear Emergency One, Inc. Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

REASON FOR THIS RECALL

E-ONE has determined that a defect which relates to motor vehicle safety exists in certain E-ONE chassis manufactured with Series 60 EGR engines between May, 2003 and January, 2005. There is a possibility that the battery starter cable of these vehicles can rub against the hex-head plug on the fuel filter housing. This issue, if not detected and repaired, could cause a fire in the engine compartment.

WHAT WE WILL DO

The field modification involves inspection of the battery to starter cable and replacing a hex-head plug in the fuel filter housing with an allen-type plug. If the battery to starter cable is damaged it will be replaced. This modification can be done at your location and will be at no charge.

WHAT YOU SHOULD DO

Please contact your E-ONE dealer as soon as possible to arrange a service date and so the dealer may order the necessary parts for the repair. Instructions for making this correction have been sent to your dealer the parts are available. The labor time necessary to perform this service correction is one (1) hour. Please ask your dealer if you wish to know much additional time will be needed to schedule and process your vehicle.

Your E-ONE dealer is best equipped to obtain parts and service to ensure that your vehicle is correct as promptly as possible. If, however, you take your vehicle to your dealer on the agreed service date, and they do not remedy this condition on that date or within three (3) days, we recommend you contact E-ONE Customer Service by calling 1-352-861-3612.

After contacting your dealer and the E-ONE Customer Service, if you are still not able to have the safety defect remedied without charge and within a reasonable time, you may wish to write the Administrator, National Highway Traffic Safety Administration, 400 Seventh Street, SW, Washington, DC 20590 or call 1-888-DASH-2-DOT (1-888-327-4236). (Washington DC residents use 1-202-366-0123).

The enclosed owner reply card identifies your vehicle. Presentation of this card to your dealer will assist in making the necessary correction in the shortest possible time. If you have sold or traded your vehicle, please let us know by completing the postage paid reply card and returning it to us.

We are sorry to cause this inconvenience; however, we have taken this action in the interest of your safety and continued satisfaction with our products.

Subsidiary of Federal Signal Corporation.

AUTHORIZATION FOR RECALL SERVICE

Vehicle Identification Number E-ONE SO #

VEHICLE OWNER-

Please take the vehicle described above and this sheet to the selling Emergency One, Inc. dealer for service described in the accompanying letter. The dealer has been provided instructions for repairing the vehicle.

Please check one of the following blocks concerning this vehicle.

- Vehicle Sold or Transferred. (Please complete the change of ownership block)
- Vehicle Inspected- no corrections necessary.
- Vehicle Corrections completed.
- Service not desired on this vehicle. Reason _____
- Vehicle scrapped (junked). Will not return to public streets or highways.
- Vehicle exported from US to another country (Please complete the change of ownership block).

Change of Ownership Block:
