Re: Recall No. 05V-151; Second Supplemental Submission by Harley-Davidson Motor Company

Dear Ms. DeMeter:

On behalf of my client Harley-Davidson Motor Company (Harley-Davidson), I am filing the Company's Second Supplemental Submission to the Part 573 notice letter in the above-captioned matter, initially submitted on April 13, 2005, and supplemented by letter dated May 25, 2005.

Harley-Davidson has recently determined that additional 2002 model year FLSTC, FLSTCI, FLSTF, FLSTFI, FLSTN and FLSTNI Softail model motorcycles (40,628 motorcycles) were inadvertently omitted from the listing of motorcycles subject to this campaign. With this addition, the total recall population for this recall is 167,628 motorcycles.

In all other respects, Harley-Davidson's April 13, 2005 and May 25, 2005 letters are accurate and incorporated herein by reference.

Sincerely,

Lawrence F. Henneberger
