Dear Sir or Madam:

Pursuant to 49 CFR Part 573, Jayco, Inc. ("Jayco" or the "Company") is submitting this report to NHTSA concerning a recall campaign, which is being voluntarily initiated. Specific information is as follows:

573.5(c)(2)

Affected vehicles are Model Year 2006 Talon Travel and Fifth Wheel Trailers manufactured between May 22nd 2005 and August 17th 2005.

The recall population was determined from the manufacturing records for the Company's manufacturing plant in Middlebury, Indiana, which produced the affected Travel and Fifth Wheel Trailers.

573.5(c)(3)

A total of seventy-two (72) Travel and Fifth Wheel Trailers are subject to this recall. Specific Vehicle Identification Numbers (VIN) are as follows:

2006 Travel and Fifth Wheel Trailers with a starting VIN of 1U1BJ02N861AA0067 and ending with 1U1CJ03R161AW0086.

573.5(c)(4)

Jayco is recalling 100 percent of the Travel and Fifth Wheel Trailers identified in the scope. However, 100 percent of the unit scope was completed at Jayco's facility in Middlebury, Indiana.

573.5(c)(5)

Jayco was made aware by Tredit Tire that the rim made by J.C. Auto Corporation may have poor weld quality and insufficient press fit between the rim and the disc.

573.5(c)(6)

Jayco decided to conduct this recall following a contact from Tredit Tire as well as an internal investigation. Jayco is not aware of any fires, injuries or accidents related to this issue.

573.5(c)(8)

The remedy includes replacement of the defective rims with white steel rims.

Copies of the repair instructions will be provided to the agency within ten (10) business days. Jayco has completed repairs to 100 percent of the scope of the units at our facility in Middlebury, Indiana; therefore there is no need for dealer or owner notifications.

Thank you for your assistance,

Sincerely,

David C. VanderMolen
