Dear Sir or Madam:

Re: Trailer Recall

H&H Trailer Co. has been notified by Tredit Tire & Wheel Co., Inc. of Elkhart, Indiana of a defect which related to motor vehicle safety in certain enclosed trailers manufactured by H&H in Clarinda, Iowa as described below. It is our understanding that Tredit has notified NHTSA of the recall.

Pursuant to 49 CFR Part 573.5(c), H&H hereby submits the following information:

1. Name of Manufacturer: H&H Trailer Co.
222 N. First Street
Clarinda, Iowa 51632

Contact: Rusty Shipley
C.F.O.
2. Identification of Vehicles: 2005 and 2006 enclosed trailers manufactured between April 11, 2005 and August 26, 2005 with optional 16" chrome plated wheels.
3. Number of Vehicles: 6
4. Percentage of Vehicles with Defect: The supplier shipped H&H 37 wheels which are subject to recall. H&H has identified 6 units with a total of 26 wheels and still has 17 of the subject wheels in stock. Some of the wheels on those units are not subject to recall. However, H&H cannot determine without inspecting the wheels which units are not subject to recall.
5. Description of Defect: Poor weld quality and insufficient press fit between the wheel rim and disc.
6. Basis for Recall: The center of the wheel could separate from the rim. The wheel may wobble and cause a vibration or the mounted tire could lose air, causing

OFFICE OF
DEFECTS INVESTIGATION

the tire to go flat, resulting in a loss of control of the vehicle. There have been no incidents reported to H&H.

7. Recall Program: Tredit has agreed to send H&H dealers replacement 16" wheels.
8. Recall Notice: H&H will be notifying its dealers and retail customers which have purchased units subject to the recall. However, H&H has not received sufficient information from Tredit to draft the notices. Specifically, Tredit has not informed H&H in writing as to the steps its dealers must take to obtain the replacement wheels, perform the recall itself and return the recalled wheels to Tredit.
9. Recall Schedule: H&H expects to send the notices to dealers and retail purchasers on or before September 28, 2005 provided Tredit provides the information as set forth in item 8.

Copies of the proposed notices to dealers and retail customers will follow. Since H&H has identified all affected units, no other media campaign is planned. H&H intends to submit all subsequent reports as required.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rusty Shipley', with a horizontal line extending from the end of the signature.

Rusty Shipley
