Attention: Service Manager

The purpose of this message is to provide information about an essential tool your dealership may have recently received.

The tool is a Hydro-Boost® Checking Tool and its identification number is CH-47590. This tool is for product safety recall 05006 which is scheduled to be announced on March 24, 2005.

This recall will address a possible crack in the hydraulic brake booster's pressure accumulator and/or it's separation from the Hydro-Boost® assembly. Preliminary information about this recall was sent to all involved dealers via GM Administrative Message WIR20050150 on February 7, 2005.

Please ensure that the tool is kept in a secure location until the recall is announced. The expense associated with replacing a lost tool will be charged to the requesting dealer.
