Recall B016 Option Codes D and E to be Discontinued

The availability of the latest configuration fuel tanks means that the repair procedure published in SRE 05-09 using WHK000147 tanks for vehicles in quarantine is no longer to be used. **All recall-related repairs must be made using fuel tank WHK500220.**

The Bulletin SRE05-09 will be withdrawn from InfoTrail. **Effective immediately, NO vehicles should be repaired with part WHK000147.** Option Codes D or E may no longer be used on a claim.

All claims for the repairs previously performed utilizing the process outlined in SRE05-09 must be submitted for processing before the close of business on 23 November. Options D and E will be closed for claim submission after that date.
