SUBJECT:       Campaign 073 - 2004 and 2005 MY Elantra - Occupant Classification  
System (OCS) Smart Buffer Feature Removal Reprogramming

Hyundai Motor America is conducting a Customer Notification Occupant Classification System (OCS) Smart Buffer Feature Removal Reprogramming Campaign on 2004 and 2005 MY Elantra vehicles produced beginning on June 12, 2003 through September 9, 2005.

In certain situations, the Occupant Classification System (OCS) installed in the right front seat of a 2004 or 2005 Elantra may misclassify a Child Restraint Seat (CRS) as an adult. This may occur if the CRS is installed after an adult has been seated in the right passenger seat front, if there has not been a key ON - Key OFF cycle with the right front passenger seat empty prior to installation of the CRS.

This campaign provides a procedure to use the OCS reprogramming tool to reprogram the vehicle's OCS Electronic Control Unit (ECU) to remove the feature that may cause the CRS to be recognized as an adult.

In order to identify only those vehicles affected by Campaign 073, it will be necessary to access Hyundai Motor America's "Warranty Vehicle Information" screen via DCS Interactive or DCS On-line before the reprogramming of the OCS is started. The "Warranty Vehicle Information" screen will identify affected vehicles with an open Campaign 073. All in-stock vehicles must have Campaign 073 completed prior to retailing.

PLEASE NOTE: All Dealerships will be provided with an OCS Reprogramming Tool free of charge. Additional OCS Reprogramming Tools can be ordered through your facing PDC. Additional OCS Reprogramming Tools will not be provided free of charge.

Enclosed with the Service Manager's letter are materials, which were developed for your use: Dealer Letter, Customer Notification Letter, five (5) copies of the Technical Service Bulletin (TSB#05-01-010) containing instructions on performing the service and submitting the campaign claim, and a VIN listing of both your dealer stock and your retail customers affected by this campaign. TSB #05-01-010 will be available on Hyundai's Website on October 26, 2005.

Customer notification letters will be mailed to all affected customers in 12 Weekly flights starting October 31, 2005.

It is IMPORTANT TO SUBMIT A CAMPAIGN CLAIM FOR EACH VEHICLE SERVICED so your dealership can be compensated for your work and Hyundai can maintain accurate records of campaign completions.
