Subject: American IronHorse Recall 05V-199
Attachments: Shock Recall postcard side 2.doc; Shock Recall postcard side 1.doc; Owner Renotification Ltr.doc

Ms. Schuler:

Attached is a proposed Owner Renotification letter in the above recall that complies with 49 CFR 577.10. American IronHorse has already obtained, from state vehicle registration records, a current list of owners of the VIN numbers affected that have not been reported as being inspected or repaired. The approximate date on which the renotification will be sent is February 1, 2007 and it will be completed on the same day. As we discussed, a post card, also attached, will be included to allow owners to let the manufacturer know if they should no longer be on the list because the vehicle was inspected and repairs were made, if needed. Please let me know if there is any other notice I need to send you and if the documents are approved for mailing.
