Roush Performance Products Recall 05V-274

Dear Mr. Person:

This responds to your letter of January 9, 2006 regarding the recall conducted by Roush Performance Products of certain vehicles equipped with Roush leather seats.

Your letter indicated that Roush did not file a quarterly status report for the third quarter of 2005. As discussed today by telephone between our counsel and Kelly Shuler of your staff, Roush did not file a third quarter status report because it did not begin the customer notification until close to the end of the third quarter (September 8, 2005) and did not have any customer recall completions until the fourth quarter of 2005. Mrs. Shuler agreed that Roush may file its first quarterly report in January 2006 to report on the customer notifications that began on September 8, 2005 and the subsequent recall completions that took place during the fourth quarter. Roush intends to file this report on or before January 30, 2006.

We appreciate this opportunity to cooperate with NHTSA.

Sincerely,

A handwritten signature in cursive script that reads "Alan Warner".
