RE: Trailer Identification Number: 4WRBS212641097558

Dear Ranger Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Wood Mfg. Co., Inc. (Ranger Boats) has decided that certain 2004 and 2005 Ranger Trail trailers, models AF4500, AF5000, CF3725, CF4500, CF5000, FF3725, FF4500, FF5000, SF3725, SF4500 and SF5000, fail to conform to Federal Motor Vehicle Safety Standard No. 108, "Lamps, Reflective Devices, and Associated Equipment." The stop/tail lights and front/rear side marker lights installed on your trailer did not contain a reflex lens or reflective materials. The lack of these reflective materials may lead to a traffic accident from inadequate illumination of the trailer during conditions of reduced visibility.

Ranger is conducting a field campaign to install the required reflectors. The reflectors are adhesive-backed and are relatively easy to install to your trailer. Enclosed are the six (6) reflectors and an instruction sheet that illustrates where to install the reflectors should you choose to install them yourself. Alternatively, you may take your trailer and the reflectors to your nearest Ranger dealer and the reflectors will be installed at no cost to you. If you choose to have the dealer install the reflectors, please call your dealer as soon as possible to make an appointment. Also included with your packet is a repair verification form. Please complete this form and return it to Ranger either via fax or mail.

Federal regulations require that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

We regret any inconvenience that this action may cause you. However, we are concerned about your safety. If your dealer fails or is unable to remedy this defect without charge and within a reasonable time, you may submit a written complaint to the Administrator, National Highway Traffic Safety Administration, 400 Seventh Street, SW, Washington, DC 20590, or call the toll-free Auto Safety Hotline at 1-888-327-4236.

If you are no longer the owner of this boat, please contact us immediately with any information you may have regarding its current ownership. Our phone number is 870-453-2222 or email to service@rangerboats.com. Or, you may complete the new owner information section on the enclosed repair verification form.

Sincerely,

A handwritten signature in black ink, appearing to read "Tim Houk".

ATTENTION DEALERS:

If you performed the work, to obtain reimbursement you MUST return this REPAIR VERIFICATION FORM, with all information properly completed, to WOOD MANUFACTURING (DBA Ranger Boats) with your warranty reimbursement claim.

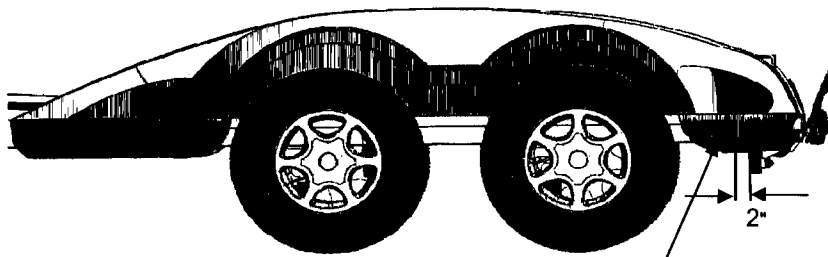

Surface Preparation: With alcohol, thoroughly clean the area in which the reflector will be placed and let air dry. Remove the protective adhesive backing from the reflector and center the reflector vertically on the trailer frame or fender.
