**SAFETY RECALL NOTIFICATION: C0027010 – Brake Master Cylinder
VEHICLES INVOLVED – Certain 2005 Model Year FG84D Trucks**

Vehicle Identification Number – VIN

Dear Mitsubishi Fuso Truck Owner:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

REASON FOR THIS RECALL: Mitsubishi Fuso Truck of America, Inc. (MFTA) has determined that a defect which relates to motor vehicle safety exists in certain 2005 FG84D trucks. On affected vehicles, the brake master cylinder piston cups may have been manufactured with a defect in the rubber surface, possibly causing the cups to crack during normal braking operation. In the worst case, a crack in a piston cup could adversely affect the truck's braking ability, and cause a crash without warning.

WHAT WE WILL DO: A modified brake master cylinder assembly will be installed. The procedure will be completed at no cost to you when performed by an Authorized Dealer, Parts and Service Center, or under the guidance of an MFTA Field Service Manager. The scheduled time for repair is approximately 1.3 hours.

WHAT YOU SHOULD DO: For your continued safety, please contact MFTA Customer Service toll-free at 877-711-0707. Customer Service will put you in contact with your local MFTA Field Service Manager to schedule the repair. Refer to this Recall Notification letter when speaking with Customer Service personnel.

Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy to the lessee within ten days. If you are the lessor of the above referenced vehicle, please forward this notification immediately.

Note: If you have incurred costs to obtain a remedy for the problem addressed in this recall, please present the paid invoice to an Authorized Mitsubishi Fuso Dealer or Parts and Service Center. The Dealer/Parts & Service Center will submit a warranty claim to MFTA on your behalf. Reimbursement of these costs should be expected within approximately 30 days of warranty claim submittal.

We at MFTA regret any inconvenience this situation may cause you. However, your safety and continued satisfaction with our product are most important to us.

If MFTA is unable to perform this procedure without charge, or within a reasonable amount of time, please feel free to contact the Administrator, National Highway Traffic Safety Administration, 400 Seventh St. SW, Washington, DC 20590; or call the toll-free Auto Safety Hotline at 1-888-327-4236 (Washington DC residents use 1-202-366-0123).

Sincerely,

A handwritten signature in black ink that reads "William P. Mohr".
