

## **OWNER'S LETTER**

Dear Nissan Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Nissan has decided that a defect that relates to motor vehicle safety exists in some 2004-2006 model year Nissan Quest vehicles.

### **Reason for Recall**

The seat adjustment mechanism located at the rear of the second row seat contains exposed moving metal components. If the second row seat is adjusted in an unusual manner (for example, when standing outside the vehicle), there is a possibility that a finger may be pinched in the moving seat adjustment mechanism.

### **What Nissan Will Do**

Your Nissan dealer will add additional components to the rear of the second row seats, and if necessary, replace the second row seat inboard seat adjustment handle with a new one. This free service should take about two hours to complete, but your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

### **What You Should Do**

Contact your Nissan dealer at your earliest convenience in order to arrange an appointment to have your vehicle repaired. Please bring this notice with you when you keep your service appointment. Instructions have been sent to your Nissan dealer. If you have additional questions you may contact the National Consumer Affairs Office, Nissan North America, Inc. at P.O. Box 191, Gardena, California 90248-0191. The toll free number is (800) 647-7261.

You may also submit a complaint to the Administrator, National Highway Traffic Safety Administration, 400 Seventh Street, SW., Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

Thank you for your cooperation. We are indeed sorry for any inconvenience this may cause you.
