

**RE: BODY SERIAL
CHASSIS SERIAL**

Dear Owner:

This notice is being sent to you in accordance with the requirements of the Canada Motor Vehicle Safety Act. Our records indicate that you have purchased a vehicle with the serial number which appears above. If you have paid to have this defect corrected, you may be eligible for reimbursement. To be eligible, you must meet the requirements described in the enclosed Reimbursement Plan Notice.

REASON FOR THIS RECALL

Winnebago Industries, Inc. has decided that a defect which relates to motor vehicle safety exists on certain 2004 - 2006 model year Winnebago[®] and Itasca[®] (Models: Minnie[®], Minnie Winnie[®], Aspect[®], Outlook[™], Spirit[®], Sundancer[®], Cambria[®]). These motor homes are built on Ford[®] chassis and were manufactured April 12, 2004 through July 17, 2005. The fasteners holding the fuel tank mounting straps may not have been properly tightened allowing the possibility for the fuel tank to fall, which has the possibility to ignite, resulting in personal injury and/or vehicle and property damage.

WHAT WE WILL DO

Winnebago Industries, Inc. dealers will inspect and tighten the fasteners to the fuel tank straps at no charge to you.

WHAT YOU SHOULD DO

Please contact your Winnebago Industries, Inc. dealer immediately to arrange for an appointment. The labor time necessary to perform this correction will be less than one hour. Please allow additional time for the dealer to process your vehicle.

HOWEVER, if you take your vehicle to the dealer on the agreed date and he does not service this condition on that date or within five days, we recommend you contact Winnebago Industries, Inc., Attn.: Owner Relations Representative (641-585-6939).
