VOLVO

**SAFETY RECALL RVXX0506
FEBRUARY 2006**

DEAR VOLVO TRUCK OWNER:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Volvo Trucks North America has decided that certain Volvo VN model vehicles manufactured with a front (steer) axle air suspension from March 2002 through January 2006 may develop a front wheel wobble when the tires become worn.

SAFETY DEFECT: There exists the potential that the vehicles in the suspect population may develop a front wheel wobble when the tires become worn.

SAFETY RISK: If the wobble persists and is left untreated, damage may occur which could impair vehicle control and potentially result in a crash.

PRECAUTIONS YOU CAN TAKE: If your vehicle exhibits the wobble you should take it to a Volvo Parts and Service Center for inspection and repair as needed.

TIME REQUIRED FOR THE REPAIR: The labor time required to repair your vehicle is approximately 2 hours.

WHAT YOU SHOULD DO: If your vehicle has the aforementioned condition, you should contact the nearest Volvo Parts and Service Center and make an appointment. The vehicle will be inspected and repaired as needed at **no charge** to you. All Volvo Parts and Service Centers have been sent a bulletin covering all the details required to perform the safety recall.

VOLVO TRUCKS NORTH AMERICA

General Plan for Reimbursement of Pre-Notification Remedies

Volvo Trucks North America Inc. will administer this plan through its Corporate Regulatory Compliance Department.

The provisions of this plan set forth the procedures to be followed for reimbursing owners (claimants) for the costs associated with repairs performed prior to notification of a recall, to remedy safety defects and non-compliances.

Required Information:

If the claimant's Volvo vehicle is affected by a recall campaign and the claimant had the problem corrected at their own expense prior to receiving notification of the recall, Volvo Trucks North America will reimburse the claimant by check for the reasonable amount paid for the appropriate pre-remedy repairs (i.e. the cost of parts, labor, taxes and disposal fees) in accordance with the provisions set forth in this document. In order to process each claim, the claimant **MUST** submit the following documentation to support the request to the Regulatory Compliance Department as specified in the section titled "*Contact Information*":

- Claimant's name, mailing address, and telephone number; and,
- The recall number, title, and description; and,
- The complete 17 digit Vehicle Identification Number (V.I.N.); and,
- A notarized statement by the claimant that the pre-notification repair addressed the defect specified in the owner notification letter; and,
- A copy of the repair invoice or receipt for the repairs.
 - The invoice / receipt must provide the VIN, total amount paid (i.e. total amount of reimbursement requested by the claimant), and include a breakdown of the parts, labor, and other costs.

Limitation of Claims

Volvo Trucks North America will consider all claims, but may deny all or part of the claim for any of the following reasons:

- The vehicle was not part of the recall;
- The repairs were performed more than one (1) year prior to the date, that Volvo Trucks North America notified the National Highway Traffic Safety Administration or Transport Canada, that a safety related defect or non-compliance exists;
- The repairs were performed more than 10 calendar days after the last mailing of the initial customer notification letter, pertaining to the recall;
- The vehicle was still covered by warranty or extended warranty on the date of repair which would have provided a free repair;
- If the receipt / invoice is not itemized by parts & labor;
- If the repair did not address the safety defect or non-compliance that led to the recall;
- If the repair was not reasonably necessary to correct the safety defect or non-compliance that led to the recall;
- If the claim is fraudulent;
- If the repair was not of the same type (repair, replacement, and refund) as the recall remedy;
- If adequate documentation as described above is not submitted to the appropriate address specified in this plan in the section titled "*Contact Information*".
