

March 22, 2006
Campaign No. 05V-552

Dear Isuzu Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

WHAT IS THE CONDITION

The manufacturer, General Motors, has decided that certain 2006 Isuzu *i280/i350* and 2006 Isuzu Ascender vehicles fail to conform to Federal Motor Vehicle Safety Standard 110, Tire Selection and Rims. As a result, we are conducting a recall.

Your vehicle may have an incorrect value for the maximum combined weight of occupants and cargo printed on the Tire and Loading Information Label. Loading the vehicle to the amount shown could exceed its gross vehicle weight rating (GVWR). Continuous overloading could reduce the long-term durability of the chassis components.

WHAT WE WILL DO

Your Isuzu dealer will install a new partial label over the existing label. Since the new label can be easily installed, and to reduce your inconvenience, the label and installation instructions are being sent with this letter. If you desire, however, you may take the label to your dealer for installation within the next 60 days. This service will be performed for you at **no charge**.

WHAT YOU SHOULD DO

If you would like your dealer to install the label, we recommend that you contact your nearest Isuzu dealer to arrange a service appointment as soon as possible. Bring the enclosed label and installation instructions with you and present this Owner Notification Letter at the time of your appointment or refer to Campaign Service Bulletin SB06-08-S001. Isuzu estimates this repair will take approximately 5-10 minutes to perform. However, additional time may be necessary depending on how appointments are scheduled and processed at your dealership. To locate the nearest Isuzu dealer you can visit our website at www.isuzu.com and click on the dealer locator icon and enter your zip code or state. Should you not have access to a computer terminal please contact our National Owner Relations Department at the number listed below.

If you have any problems obtaining the needed repair or believe that this repair has not been or cannot be made within a reasonable time, you may contact:
