## **Safety Recall: Occupant Detection System Does Not Suppress Airbag Deployment**

Dear Civic Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

### **What is the reason for this notice?**

Honda Motor Co., Ltd. has decided that a defect related to motor vehicle safety exists in certain 2006 Civics. The front passenger occupant detection system (ODS) will not stop the front passenger's airbag from deploying when an infant or a small child is in the front passenger's seat. A deploying front passenger's airbag can increase the risk of injury to an infant or small child. Honda reminds you that children of all ages are safer when they are restrained in the back seat.

### **What should you do?**

Call any authorized Honda dealer, and make an appointment to have your vehicle repaired. The dealer will install a new ODS control unit. This work will be done *free of charge*. Please plan to leave your vehicle at the dealership for half a day to allow them flexibility in scheduling.

### **Who to contact if you experience problems.**

If you are not satisfied with the service you receive from your Honda dealer, you may write to:

American Honda Motor Co., Inc.  
Honda Automobile Customer Service  
Mail Stop 500-2N-7A

If you believe that American Honda or the dealer has failed or is unable to remedy the defect in your vehicle, without charge, within a reasonable period of time (60 days from the date you first contact the dealer for a repair appointment), you may submit a complaint to:

Administrator  
National Highway Traffic Safety Administration  
400 Seventh Street, SW  
Washington, DC 20590
