Subject: Futura and Caponord

Ms Timian:

Thank you for your phone messages yesterday. I do not have a copy of the 573 report as originally sent in for the 05V-506, so I cannot quote from that document. However, the original Service Bulletin provided by Aprilia Italy for this recall defined the VIN range of the models affected by the recall.

For the Caponord and Futura, this included:

Caponord: affected VINs include model years 2002 and 2003, produced in the date range 11/2001 through 10/2002.

Futura: affected VINs include model years 2001 through 2004, produced in the date range 04/2001 through 03/2003.

In the re-notification letter for 05V-506, the model year range was referenced, this information being more meaningful to the consumer.

If there are any further questions, please do not hesitate to call.
