November 2005

**IMPORTANT SAFETY RECALL CAMPAIGN ANNOUNCEMENT
NHTSA Recall Campaign # 05V-499**

Dear Jayco Dealer:

This letter is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

DEFECT INVOLVED

Jayco, Inc. has decided that a defect, which relates to motor vehicle safety, exists in specific model year 2005 – 2006 Jayco Jay Feather travel trailers.

Jayco has become aware that the spare tire carrier bolt may break while traveling down the road. This condition, if not addressed, could result in accident, injury or death.

The remedy includes the replacement of the spare tire carrier. For more information or if you are unable to perform this repair, please contact Jayco Customer Service at 1-800-283-8267 for assistance.

DEALER CAMPAIGN RESPONSIBILITY

We strongly suggest that you designate a manager to coordinate the recall to ensure the work is performed and documented properly, and that a warranty claim is submitted to Jayco to verify the performance of the modification. This responsibility should also include accountability for all stock units affected by the recall campaign.

All unsold new vehicles in your possession that are subject to this campaign must be held and repaired per the service procedure of this recall campaign bulletin **before** owners take possession of these vehicles.

**NHTSA Recall Campaign # 05V-499
November 2005**

Federal law requires that all units in your inventory be repaired prior to delivery to a customer. If you have sold a unit recently that you have received a stock recall notice on, please contact the owner immediately to advise of the recall. You may do this by sending a copy of the retail owner recall notice. In addition, Jayco encourages you to follow up with a telephone call to the customer to assist in scheduling the repairs.

Authorized Jayco dealers are to service all vehicles subject to this campaign at no charge to owners, regardless of mileage, age of vehicle or ownership, from this time forward. Recall campaigns should receive the highest priority in your shop because of the safety factor involved and work must be scheduled promptly regardless of where the vehicle was purchased.

OWNER NOTIFICATION

Retail owners of record will be receiving notification of this campaign within two weeks of this dealer notification letter. A copy of the owner notification letter is attached for your review. When the customer makes the appointment the customer will need to give you the **"Recall Claim Form"** that they received in their letter. This is the authorization to perform the recall. In addition, this is the **"Claim Form"** that you must submit to Jayco for payment. **The customer must sign the claim form as an indication that the recall was performed or the claim will be denied.** Jayco will no longer accept recall claims via the TRADEROUTE system.

FILING A CLAIM

Job Operation Number: 9901063

Time: See Instruction Sheets

If you have any questions regarding this recall or instructions, please contact us on your dealer service line 1-800-283-8267.

Thank you for your assistance.

Sincerely,

Jayco, Inc.

RECALL CAMPAIGN

05V - 499 / 05-337

Requires parts to be ordered for all units.

Subject:	Replace spare tire carrier.
Units Affected:	2005 & 2006 "JK" Jay Feather (Baja) • 51JK0050 - 0091 • 61JK0051 - 0076, 0078 - 0080
Action Required:	Remove spare tire mounting bracket and install new spare tire carrier
Job Operation Code:	9901063
Series Code:	N/A
Flat Rate Time:	0.3 hours
Kit Part Number:	0700018
Parts Kit Includes:	1 - Spare tire carrier 1 - Instruction sheet
Tools Required:	• Grinder • Hammer • Punch • 9/16" wrench and socket • 3/8" drill bit • Drill
Additional Requirements:	• Black Paint • 4 - 3/8" x 1-1/2" bolts • 4 - 3/8" nylon lock nuts • 4 - 3/8" flat washers

Instructions

1. Remove spare tire from mounting bracket.
2. Grind off the backside of the 4 rivets that hold the spare tire mounting bracket to the front frame cross member. (Figure 1)
3. Punch out the rivets that hold the spare tire-mounting bracket to the front frame cross-member.

Figure 1

4. Place the new spare tire carrier to the front of the frame cross member and install one 3/8"x 1 1/2" bolt with a nylon lock nut and a flat washer. (Figure 2)
5. Align the other three holes.

(N) NOTE: You may have to drill out one or two holes since the holes may not align exactly.

6. Install the other three -(3) 3/8"x 1 1/2" bolts with nylon lock nuts and flat washers. (Figure 2)
7. Torque all bolts to 16 ft/lbs.
8. Remount the spare to the new carrier. Tighten all bolts to 60 ft/lbs.
