This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. This is a follow up to an initial notice you should have received dated September 26, 2005 regarding this Safety Recall.

Please be advised that your vehicle remains open for the C1000110 Rear Engine Support Safety Recall!

Mitsubishi Fuso Truck of America, Inc. has decided that a defect which relates to motor vehicle safety exists in the rear engine support bracket. On affected vehicles, the rear engine support bracket is composed of materials of insufficient strength. Normal vehicle vibrations may cause the bracket to crack. If the vehicle is continually operated in this condition, the bracket may break apart. In the worst case, the automatic transmission (A/T) could drop out of alignment with the drive train, which could result in a crash without warning.

A modified rear engine support assembly will be installed. The procedure will be completed at no cost to you when performed by an Authorized Dealer or Parts and Service Center. The scheduled time for repair is approximately 1.9 hours.

For your continued safety, MFTA urges that you contact any Authorized Mitsubishi Fuso Dealer or Parts and Service Center as soon as possible to schedule an appointment for this procedure. Refer to this Recall Notification letter when speaking with Dealer Service Department personnel.

Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days. If you are the lessor of the above referenced vehicle, please forward this notification immediately.

Note: If you have incurred costs to obtain a remedy for the problem addressed in this recall, please present the paid invoice to an Authorized Mitsubishi Fuso Dealer or Parts and Service Center. The Dealer/Parts & Service Center will submit a warranty claim to MFTA on your behalf. Reimbursement of these costs should be expected within 30 days of warranty claim submittal.

We at MFTA regret any inconvenience this situation may cause you. However, your safety and continued satisfaction with our product are most important to us.
