

SAFETY RECALL SECOND NOTICE

SAMPLE COPY

May 18, 2006

NHTSA # - 05V-537

Dear Harley-Davidson Motorcycle Owner:

In December 2005, you and other registered owners were notified by the attached letter that a defect which relates to motor vehicle safety exists on certain production 2006 model year Dyna Glide motorcycles, including FXD, FXDC, FXDL, FXDWG, FXD3S and FXDB model motorcycles built from June 9, 2005 to October 19, 2005. This is a follow-up to that earlier communication.

Our records indicate you have not responded to our recall notice. Therefore, we are sending you this second notice in order to re-emphasize the importance of having your motorcycle serviced immediately to remedy the safety issues described in our earlier letter. A brief description of the defect and safety issue involved is described in the attached copy of our earlier letter to you.

Please contact your Harley-Davidson dealer immediately for an appointment to have your motorcycle serviced according to instructions contained in the letter attached.

If your dealer has already serviced your motorcycle under this recall, you are receiving this letter because we have not been notified that the work had been completed. We ask that you take the enclosed service card to your dealer, have it completed, signed by you and your dealer, and returned to us for our records as required by law. (Disregard this instruction if you have had the service completed recently, since it takes some time for mailing and our processing of information). This will assist us in accurately reporting vital information to NHTSA about your vehicle, as required by law.

If you have sold your motorcycle, please fill out and mail the enclosed Motorcycle Owner Card with the appropriate information about your purchaser. This will enable us to contact him/her and advise that person of this recall.

Sincerely,

Harley-Davidson Motor Company, Inc.

Dear Harley-Davidson Motorcycle Owner:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Harley-Davidson Motor Company, Inc. has decided that a defect relating to motor vehicle safety exists on certain production 2006 model year Dyna Glide motorcycles, including FXD, FXDC, FXDL, FXDWG, FXD35 and FXDB model motorcycles built from June 9, 2005 to October 19, 2005. The transmissions in these motorcycles have a defect which may allow them to go into a false neutral position even though the neutral indicator light is illuminated. If this happens the motorcycle could drop into gear unexpectedly and create the risk of a crash and injuries.

Our records indicate that you purchased one of the model motorcycles listed above that may have the condition involved in this recall.

We strongly urge you to contact your dealer to make arrangements to have the appropriate service performed as soon as possible. If you had this repair before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. For more information contact Harley-Davidson at 1-414-343-4056. Should you choose to ride your motorcycle prior to this service, we urge you to be aware of this condition.

Please contact your Harley-Davidson motorcycle dealer immediately and arrange an appointment to have your transmission repaired. The actual dealer labor time to perform this service will take approximately 3 to 3 1/2 hours. The parts and labor will be free of charge to you. Recall kits will be available at your dealership beginning the week of December 12, 2005. In addition, as part of the Initial Care Program for the 2006 Dyna models, and to alleviate any inconvenience this situation may cause, your dealer will pick up your motorcycle, perform this repair, and deliver it back to you, if you so desire. This service will also be performed free of charge to you.

To verify that the service has been completed, your Dealer will ask you to sign a recall claim. If you have sold your motorcycle, please forward the appropriate information about your purchaser. This will enable us to contact him/her and advise that person of this recall. Also, Federal

regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

If you take your motorcycle to your dealer on a mutually agreed upon date and they do not perform the required service to your satisfaction, please contact Harley-Davidson Motor Company, Inc. for immediate assistance at the address or telephone number listed on this letterhead. If your dealer or Harley-Davidson Motor Company, Inc. fails or is unable to remedy your motorcycle without charge within a reasonable time, you may wish to inform the Administrator, The National Highway Traffic Safety Administration, 400 Seventh Street, SW, Washington, DC 20590, or call the toll-free Auto Safety Hotline at 1-888-DASH-2DOT (TTY: 1-800-424-9153); or contact NHTSA at <http://www.safercar.gov>.

We regret any inconvenience this may cause you, but we are initiating this action in the interest of your personal safety and satisfaction with our products. Thank you for your cooperation.

Sincerely,

Harley-Davidson Motor Company, Inc.

SERVICE LETTER ML-413
NHTSA # - 05V-537

IMPORTANT SAFETY RECALL CAMPAIGN INFORMATION!

Dear Dealer,

In a continuing effort to increase the completion rates of our safety recalls we have established a procedure to send follow-up notifications to the motorcycle owners of record who haven't had their motorcycles serviced in response to selected recalls. This communication and the attached sample Customer Letter relate to the following recall.

CODE 0124 2006 DYNA TRANSMISSION

This recall relates to a potential transmission defect on certain 2006 model year Dyna Glide motorcycles, including, FXD, FXDC, FXDL, FXDWG, FXD35 and FXDB model motorcycles built from June 9, 2005 to October 19, 2005. The recall was initiated in November 2005. A sample of the follow-up letter, which we are sending to all registered owners of unserviced vehicles, is attached. Also attached is an updated list of Code 0124 vehicle VINs which our records show as still being unserviced. Refer to Harley-Davidson Service Bulletin M-1183 dated December 7, 2005 for details on carrying out the requirements for this recall. Parts for this recall are currently available. Current shipment records indicate a number of kits are available in the field at the dealer level. Please check your inventory before placing any orders for parts. You may be required to provide a VIN for each recall kit ordered. Please refer to the related Service Bulletin for detailed instructions.

If a VIN appears on this list for a vehicle on which you have recently completed this recall, please disregard. DO NOT send in a duplicate service card. However, if a vehicle appears on the list that you know you have completed the recall on some time ago, please fill out a Dealer Service Card and attach a copy of your internal repair order to the card. We will use this information to update our records and issue you the appropriate amount of labor for performing the service. This information will be essential in reporting our completion rates to NHTSA, as required.

Your cooperation in this effort is appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read "Sarah S. Ottallah". The signature is fluid and cursive, with the first name "Sarah" being more prominent.

Sarah S. Ottallah
