Re: Recall of Replacement Hydraulic Brake Hoses; Part Number  
171.611.701B

Dear \_\_\_\_\_:

Please be advised that replacement Hydraulic Brake Hose P/N 171.611.701B manufactured by JP Group A/S (each being, a “**Brake Hose**”) that was distributed by Foreign Parts Distributors, Inc. to you in 2004 and 2005 is being recalled. The Brake Hoses were for use as replacement equipment in for 1975-1985 Volkswagen Rabbits, 1985-1992 Volkswagen Golfs and 1980-1992 Volkswagen Jettas. The Brake Hoses are being recalled because they do not comply with the requirements of Federal Motor Vehicle Safety Standard No. 106 (the “**Federal Brake Hose Standard**”) which could lead to their possible rupture, causing an automobile accident.

Our records indicate that one or more of the Brake Hoses was delivered to you, and that one or more of such parts were sold by you to your customers. Some of these customers may not be identifiable by sales receipt or otherwise. Therefore, to provide your customers with notice of this recall we are providing you with the enclosed safety campaign (recall) poster. Please hang this poster prominently where it can be seen by your customers.

If any of your customers returns a Brake Hose to you, please replace it with any brake hose compliant with the Federal Brake Hose Standard. Ship the returned Brake Hose back to Foreign Parts Distributors, Inc. (at our cost), and we will reimburse you fully for the cost of the replacement brake hose you supply to your customer.

This safety campaign will continue for the next six (6) consecutive quarters. We will be in touch with you during this period to check on the status of returned Brakes Hoses and will provide you with additional posters or bulletins as needed. Thank you for your continuing cooperation in this matter. If you have any further question please contact Michelle Corbo at (800) 938-3737 Ext. 25.

Best regards,

Steve Feig, President  
Foreign Parts Distributors, Inc.
