## SAFETY RECALL NOTICE

Dear Tradesonic customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Tradesonic has decided that certain lamps as identified in the enclosed list, fail to conform to Federal Motor Vehicle Safety Standard No. 108, Lamps, Reflective Devices, and Associated Equipment.

This recall only pertains to Tradesonic aftermarket lamps and has no relation to any original equipment installed on the listed passenger vehicles. Customers may contact the National Highway Traffic Safety Administration's Vehicle Safety Hotline at 1-888-327-4236 or go to <http://www.safercar.gov>.

Vehicle Safety Standard No. 108 requires that certain combination lamps include amber side reflex reflectors. Some of the combination lamps that Tradesonic has imported do not include amber side reflex reflectors, while the original lamps being replaced do include the reflectors. Vehicles that have non-compliant lamps present a danger to drivers by reducing vehicle visibility.

Tradesonic will allow replacement or refund of the lamps identified on the enclosed list.

If you have any of the listed lamps, please send a letter or email: [sales@tradesonic.com](mailto:sales@tradesonic.com). If you have distributed any of these lamps to other dealers, please send them a copy of this notice within 5 days of receipt.

Sincerely,

Wilson Lee
