Dear Big Dog Motorcycles' Dealer/Service Center:

This notice is sent in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Big Dog Motorcycles, L.L.C. (Big Dog Motorcycles) has determined that a defect, which relates to motor vehicle safety, exists on all 2004 and 2005 model Big Dog Motorcycles' motorcycles and 2006 model motorcycles produced on or before January 13, 2006. The kickstand spring may stretch, allowing the kickstand to deploy into the extended position and cause a crash. This condition could occur without any prior warning. At this time Big Dog Motorcycles has no reports of any accidents or injuries related to this condition.

A recall notice will be sent to the registered owners of these motorcycles. Some of the motorcycles affected by this recall are shown in your inventory.

What You Should Do

We ask that you immediately suspend all pending and future sales of motorcycles affected by this recall campaign until the remedy has been performed. It is a violation of Federal law for a dealer to deliver a new vehicle covered by this notice under a sale or lease until the defect is remedied. Federal regulations require any lessor receiving this letter to forward it to the lessee within 10 days.
