TO: Hyundai Dealership General Managers, Sales Managers, Service Managers,
Parts Managers, and Warranty Administrators

FROM: Hyundai Motor America
SUBJECT: **Campaign 077 - 2007 Santa Fe - Fuel Tank Inspection**

Hyundai Motor America is conducting a Fuel Tank Inspection Campaign on a small group of 2007 MY Santa Fe vehicles produced beginning July 28, 2006 through August 15, 2006. Some vehicles in this production range may have been produced with fuel tanks that have below-specification wall thickness.

Your District Parts and Service Manager will provide you with a list of affected VINs in your inventory. You **MUST NOT DELIVER** any of the affected vehicles to customers before the fuel tank has been inspected and, if necessary, before the fuel tank has been replaced.

A Technical Service Bulletin (TSB) will be provided for this campaign specifying a procedure to inspect the fuel tank to determine if it is affected by this campaign. If it is not affected, you must enter a campaign claim for the inspection procedure to create a record that the inspection has been performed. The vehicle may then be sold and delivered to a customer.

If the inspection indicates that the fuel tank is affected by this campaign, it must be replaced. The TSB will provide a procedure for replacement of the fuel tank.

Additionally, vehicles affected by Campaign 077 may be identified by accessing Hyundai Motor America's "Warranty Vehicle Information" screen via DCS Interactive or DCS On-line. All in-stock vehicles, if any, must have Campaign 077 completed prior to retailing.

It is IMPORTANT TO SUBMIT A CAMPAIGN CLAIM FOR EACH VEHICLE SERVICED so your dealership can be compensated for your work and Hyundai can maintain accurate records of campaign completions.

Attention: You are required to keep confidential any and all information and documents provided to you by Hyundai Motor America in the conduct of carrying out work for this campaign.

Hyundai appreciates your cooperation and support. Questions may be directed to your District Parts and Service Manager or Warranty HELPREP line at 1-800-435-7737, press #2.

FROM: Hyundai Motor America
SUBJECT: **Additional Information - Campaign 077 - 2007 Santa Fe - Fuel Tank Inspection**

This provides additional information regarding the Fuel Tank Inspection Campaign on a small group of 2007 MY Santa Fe vehicles produced beginning July 28, 2006 through August 15, 2006. It is important to complete this campaign properly and quickly.

Your District Parts and Service Manager has provided you with a list of affected VINs in your inventory. Additionally, vehicles affected by Campaign 077 can be identified by accessing Hyundai Motor America's "Warranty Vehicle Information" screen via DCS On-line. You **MUST NOT DELIVER** any of the affected vehicles to customers before the fuel tank has been inspected and, if necessary, before the fuel tank has been replaced.

A Technical Service Bulletin for this campaign (**TSB 06-01-006**) has been posted under the Campaign tab of the hmaservice.com website, specifying a procedure to inspect the fuel tank to determine if it should be replaced. If the inspection determines that the fuel tank should not be replaced, you must enter a campaign claim for the inspection procedure to create a record that the inspection has been performed. The vehicle may then be sold and delivered to a customer.

If the inspection indicates that the fuel tank must be replaced, the TSB provides a procedure for replacement of the fuel tank.

If the fuel tank must be replaced, order it immediately, as follows:

Part Name: Fuel Tank Assembly Part Number: 31100-0W000
Place an "R" Order using ORDER# SPLCM

After inspecting your dealership's vehicle(s) and ordering fuel tank(s), if necessary, please contact your District Parts and Service Manager to provide the status of the campaign, including the affected VIN or VINs. After any fuel tanks have been installed, again please contact your District Parts and Service Manager to provide the status of the campaign, including the affected VIN or VINs.

You **MUST SUBMIT A CAMPAIGN CLAIM FOR EACH VEHICLE SERVICED** so your dealership can be compensated for your work and Hyundai can maintain accurate records of campaign completions.

Attention: You are required to keep confidential any and all information and documents provided to you by Hyundai Motor America in the conduct of carrying out work for this campaign.

Hyundai appreciates your cooperation and support. Questions may be directed to your District Parts and Service Manager or Warranty HELPREP line at 1-800-435-7737, press #2.
