

Mack Trucks, Inc.

# **Safety Recall ALERT**

**Date:** February 22, 2007(**Supersedes SRA-222-001 dated October 17, 2006**)      **Number:** SRA-222-001  
**To:** All U.S. & Canadian Distributors  
**Attention:** Service Manager, Warranty Manager, Parts Manager, Dealer Principal  
**From:** Regulatory Affairs Department  
**Subject:** Safety Recall, SC0317, ASET™ AC Fuel Injection Lines and PI #628 Exhaust Manifold Center Section Mounting Nut Replacement - ASET™ AC Engines.

## ***Important Notice!***

**Urgent: Stop performing the SC0317 ASET™ AC Fuel Injection Lines Safety Campaign and PI #628 Exhaust Manifold Center Section Mounting Nut Replacement - ASET™ AC Engines until further notice.**

Mack Trucks has decided that it is best to put a hold on the recall repair of vehicles involved in Mack Safety Campaign SC0317, ASET™ AC Fuel Injection lines; initial feedback regarding some of the vehicles already repaired indicates that the repair as implemented may not adequately address the issue on all vehicles.

**This hold on repairs will also include product improvement campaign PI #628 Exhaust Manifold Center Section Mounting Nut Replacement - ASET™ AC Engines.**

**Trucks currently in progress should be completed for fuel line inspection for fuel leaks and retorque only; do not add the sleeve to the injection lines.**

**No additional trucks should be scheduled for SC0317 or PI628 until further notice.**

**Owners will be notified of the hold on February 26, 2007 by first class mail. A copy of the owner letter will be posted on the Trucks Dealer Portal at that time.**

We at Mack Trucks are working as quickly as possible to resolve the issue and will re-release the recall as soon as possible.

Mack Trucks regrets any inconvenience that this delay may cause, but we hope that you will appreciate our sincere efforts to demonstrate Mack's commitment to provide our customers with the best possible product and service.

Please contact the Regulatory Affairs Department at [vtna.regulatoryaffairs@volvo.com](mailto:vtna.regulatoryaffairs@volvo.com) if you have questions.
