

Subject: 2004 - 2006 Q45 Rear Combination Lamp Voluntary Recall Campaign

Attention: Dealer Principal, Sales, Service and Parts Managers

***** Campaign Announcement *****

Infiniti is conducting a Voluntary Recall Campaign on approximately 1,863 model year 2004 - 2006 Infiniti Q45 vehicles because of a Federal Motor Vehicle Safety Standard (FMVSS) non-compliance issue. The rear combination lamps do not meet some of the requirements specified in FMVSS 108.

To correct this, Infiniti will replace the rear combination lamps with new compliant ones.

***** Dealer Inventory *****

Federal law requires that new vehicles in dealer inventory which are the subject of a safety recall must be corrected prior to delivery under a sale or lease. Failure to do so can result in civil penalties by the National Highway Traffic Safety Administration (NHTSA).

IMPORTANT

2005 - 2006 Q45 new vehicles in Dealer Inventory affected by this campaign MUST BE PLACED ON SALES HOLD IMMEDIATELY to await replacement of the rear combination lamps. There are approximately 18 unsold vehicles in dealer inventory affected by this retail sales hold.

Effective immediately, please use Infinitinet (R0613) rear combination lamps to determine which Q45 vehicles, if any in your inventory may require these campaign repairs prior to being retailed. These vehicles must remain on sales hold until the recall is performed.

***** Vehicle Identification *****

There are two methods to identify affected vehicles in your dealer inventory

- **Infinitinet** - Dealership service departments can complete an inquiry on Infinitinet.
- **VIN List** – Contact your Dealer Parts and Service Manager (DPSM) for further direction, as they will be provided with a list of affected VIN's by dealer.

***** Parts Availability–Dealer Inventory *****

To ensure parts availability to all retailers, Infiniti will schedule an automatic shipment of rear combination lamps for all affected dealer inventory vehicles beginning the week of January 22, 2007. The rear combination lamps for this campaign will be on sales restriction during the launch of this campaign. We will notify you of any changes to the parts shipment schedule or should there be any other changes

***** Owner Notification *****

Infiniti expects to begin notifying owners mid-April 2007.

***** Repair Instructions *****

There is a Dealer Inventory Repair Procedure draft on NNA.net.com under My Documents in the Parts/Campaign and Service/Campaign categories to be used for repairing dealer inventory vehicles only. Infiniti is developing the Recall Campaign Bulletin containing repair

instructions and related parts and claim information. You will be notified when the campaign bulletin becomes available (April).

If you have any additional questions related to this campaign, please contact your Dealer Parts and Service Manager (DPSM).
