SAFETY RECALL NOTICE

Dear Anzo Lamp Customer:

Anzo USA, Inc. (Anzo), has decided that certain combination lamps that it imported into the United States fail to comply with Federal Motor Vehicle Safety Standard No. 108, "Lamps, reflective devices, and associated equipment." Our records indicate that some of those lamps were sold to you for resale.

Items Covered by this Recall

The part numbers of the combination lamps covered by this recall, and the associated vehicle models, are set out on the enclosed list.

Why We Are Taking This Action

Anzo has discovered that some of the combination lamps that it imported do not have an amber side reflex reflector, even though the original equipment lamps that they are designed to replace have such a reflector. The absence of an amber reflector can reduce the ability of other drivers to see a vehicle and could increase the likelihood of a crash.

What We Will Do

Anzo will honor all returns of the combination lamps identified on the enclosed list, and will refund the full purchase price that you paid for such lamps.

What You Should Do

If you still have any of the combination lamps covered by this notification in your possession, please contact Anzo at the following toll-free number: 1-888-360-3696. You will be advised how to return your lamps for a full refund. If you provided any of the lamps covered by this notification to independent distributors or dealers, you should transmit a copy of this letter to known distributors and retail outlets along the distribution chain within five days from its receipt.

Please note that it is a violation of Federal law to sell an item of motor vehicle equipment covered by this notification unless the noncompliance is remedied.

We regret any inconvenience that this recall may cause you, but we want to assure that any possible safety problems in our products are remedied promptly.

Sincerely,
