NHSTA Campaign Number: 06V-081

Per your letter dated 3-27-06, enclosed are the revised documents per your instructions.

Sincerely,

Delbert Miller/Compliance Manager

NOTICE OF SAFETY RECALL/DEFECT/NONCOMPLIANCE

Dear KZRV, L.P., Travel Trailer Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

KZRV, L.P., has decided that certain 2006 model year Durango, Sportster, Frontier, Coyote, Jag, Spree, and Sportsmen travel trailers manufactured between September 1, 2005, and March 9, 2006, fail to conform to the requirements of Federal Motor Vehicle Safety Standard No. 110, "Tire Selection and Rims." The affected units left the KZRV, L.P., manufacturing facility without a required placard describing the tire and rim size, the recommended cold tire air pressure, and the maximum load limits for your trailer. Please also be aware that this necessary information is contained in the owner's manual that was delivered with your KZRV, L.P., travel trailer. Federal regulations require that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

According to KZRV, L.P., records, your trailer is affected. For this reason we ask that you review the enclosed instructions and affix the placard included with this letter to the proper location on the left front of your travel trailer. Because we are concerned for your safety, we ask that you complete and return the enclosed reply card for our records.

This task will take you only minutes to complete. However, if you are unable or unwilling to place the placard on your travel trailer, a KZRV, L.P., authorized dealer will be happy to do so for you at no charge. You may take your travel trailer to the dealer from whom you purchased it or, if you're enjoying your KZRV, L.P., travel trailer away from home, you can call us toll free at 1-800-768-4016 for the authorized dealer nearest you. A KZRV, L.P., representative will be happy to assist you in any way on this matter.

We regret any inconvenience which this action may cause you. If this matter is not resolved to your satisfaction, please contact KZRV, L.P., at 1-800-768-4016, or you may choose to submit a written complaint to: Administrator, National Highway Traffic Safety Administration, 400 Seventh Street, SW, Washington, DC 20590, or *call the toll-free Vehicle Safety Hotline at 1-888-327-4236. [TTY: 1-800-424-9153]; or go to <http://www.safercar.gov>.*

Sincerely,

KZRV, L.P.

INSTRUCTIONS FOR AFFIXING THE FMVSS 110 COMPLIANT PLACARD

First, approach your KZRV, L.P., travel trailer from the front (hitch) end on the left side.

Second, locate the federal certification label on the front (hitch) end of the left side of the trailer.

Third, ensure that the area around the federal certification label is clean and dry.

Fourth, remove the protective backing from the adhesive side of the FMVSS 110 compliant placard.

Fifth, apply the adhesive side of the FMVSS 110 compliant placard to the area near the federal certification label such that the printed information is right-side-up.
