RE: Notice of Possible Defect
Trailer Serial # _____
NHTSA I.D. # 06V-336

Dear Sir:

SAFETY RECALL NOTICE

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Wilson Trailer Company has decided that a defect which relates to motor vehicle safety exists in certain 2006 and 2007 Wilson grain trailers manufactured from July 1, 2005 to July 1, 2006. Affected trailers are built with an aluminum king pin assembly.

The defect concerns the aluminum angle behind the king pin support beam. An angle is found on either side of the trailer where the beam joins the bottom rail of the trailer. If the angle fails by way of cracking or deformation, the bottom rail of the trailer, which supports the beam, could be affected and compromise the strength of the king pin assembly, increasing the risk of a crash.

To remedy this defect, one must contact his Wilson dealer so they can inspect the area of concern, make necessary repairs and install a support plate to strengthen the angle. The inspection, repair, and installation will be provided to you at no cost.

If you have any questions regarding this notice, please contact your Wilson dealer or Bob McLarty at Wilson Trailer Company 1-800-798-2002.

Federal regulations require that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

If you had this repair performed before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. For more information, contact Wilson Trailer Company, Bob McLarty, 1-800-798-2002.

If you do not presently own the above listed trailer, please contact your Wilson dealer or Linda Kollbaum at Wilson Trailer Company, 1-800-798-2002.

We regret any inconvenience that this action may cause you. However, we are concerned about your safety. If your dealer fails or is unable to remedy this defect without charge and within a reasonable time, you may submit a written complaint to the Administrator, National Highway Traffic Safety Administration, 400 Seventh Street SW, Washington, DC 20590 or call the toll-free Auto Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

Sincerely,

Bob McLarty
