

RE: Safety Recall Action R726 - Fuel tank replacement

Vehicles Affected: Jaguar XJ

Model Year: 2006 and 2007

Dear Jaguar Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Jaguar Cars has decided that a defect, relating to motor vehicle safety, exists in certain 2006 and 2007 model year XJ vehicles. Investigations have determined that some of the fuel tanks in these vehicles have seals that are not properly retained in the fuel tank. Your vehicle is included in this recall action.

What is the concern?

Some of the affected vehicles may have fuel tanks in which the fuel delivery module (FDM), jet pump module (JPM) and/or cluster valve (CV) seals are not properly retained in the fuel tank. This may result in illumination of the malfunction indicator lamp (MIL) or a fuel odor. If the amount of fuel is above the FDM, JPM or CV apertures, fuel may be discharged onto the ground. Fuel leaks are most likely to occur only after a fuel tank has been fully filled with fuel. A fuel leak in the presence of an ignition source may result in a fire.

What will Jaguar and your Jaguar dealer do?

Jaguar Cars is carrying out a voluntary recall of affected vehicles. An authorized Jaguar dealer will replace your vehicle's fuel tank free of charge with a fuel tank that is manufactured to the correct specification.

What should you do?

Please contact your authorized Jaguar dealer at your earliest convenience to schedule an appointment to have Safety Recall Action R726 completed on your vehicle. In the time prior to the Recall repair Jaguar recommends, as a precaution, that your fuel tank be filled **no more than 3/4 full**. This precaution will reduce the likelihood of leakage due to fuel contact with a defective seal.

How long will it take?

Expected repair time is estimated to be approximately four hours to install a new fuel tank. However, due to service scheduling requirements at the dealer, your vehicle may be needed for a longer period of time.

Attention Leasing Agencies:

Federal regulations require that you forward this recall notification to the lessee within TEN days.

Moved or no longer own a Jaguar?

If you are no longer the owner of this vehicle, Jaguar would greatly appreciate the name and address of the new owner, using the enclosed return postage-paid card.
