

Great Dane Trailers

January 12, 2007

National Highway Traffic Safety Administration
Mr. George Person
400 7th Street, SW
Washington, DC 20590

Enclosed please find two letters that are being sent from Great Dane Trailers to our customers concerning recall 06V-448.

In researching this issue further it has been determined that a number of trailers recalled that were manufactured at our Huntsville, Tennessee plant did in fact not contain the suspect BrassCraft fittings.

In some cases the customer's recalled trailer listing was reduced by the number of trailers no longer subject to the recall. In other cases all of the trailers on the customer's listing were removed from the recall. We have notified these customers of this finding.

We have attached copies of both letters for your files.

Further, we have notified NHTSA and have made the appropriate changes to our recall trailer population count.

If you should have any questions regarding this information please let me know.

Sincerely,

Barry A. Mitchell
Director, Customer Service/Warranty

Re: Trailer Serial Numbers: <<Serials>>

Gentlemen:

This notice is being sent as a follow up to the recall notice you received dated December 21, 2006.

Through our continued research of this issue we have found that all of the trailers on the original recall letter (see attached copy of letter) do not contain the suspect fittings and therefore will not require inspection and/or repair. Only the trailers referenced above on this letter will require inspection and repair.

We apologize for any inconvenience that this issue has caused your company.

If you should have any questions concerning this information please feel free to contact Great Dane Customer Service at (912) 644-2260.

Re: Trailer Serial Numbers: <<Serials>>

Gentlemen:

This notice is being sent as a follow up to the recall notice you received dated December 21, 2006.

Through our continued research of this issue we have found that the trailers on the original recall letter (referenced above) do not contain the suspect fittings and therefore will not require inspection and/or repair. You have no trailers that fall under this recall.

We apologize for any inconvenience that this issue has caused your company.

If you should have any questions concerning this information please feel free to contact Great Dane Customer Service at (912) 644-2260.
