Hello Kelly,

Attached are the New Flyer Recall Quarterly Progress Reports for the 3rd quarter of 2006.

<<Qtrly Rprt - 2006-3 ltr to Assoc Admin.pdf>>    <<05V-116 - 7 - 2006-3 Quarterly Report.xls>>    <<05V-370 - 5 - 2006-3 Quarterly Report.xls>>    <<06V-034 - 3 - 2006-3 Quarterly Report.xls>>    <<06V-212 - 2 - 2006-3 Quarterly Report.xls>>

Please note that the number of vehicles effected for Recall 06V-034 has increased. This is not due to a determined increase in the number of defective components, but the scope of the work has been increased because fleet owners wanted consistency throughout their fleets. (i.e. if defect only affected 14 of 60 vehicles, they demanded that all vehicles be done even though the reminder was not part of the recall population). The actual number of units considered to be defective for that recall remains the same as reported in the original 573 report.
