- Our remedy program involved sending a decal and letter to the consumers instructing them to place the correct decal on their motorcycle. We sent a letter to all consumers (574).
- The 80 represents the number of warranty claims that have been filed by dealers who still had an affected machine in their inventory.
- For the most part, we can only track returned letters and warranty claims will not reflect the number of machines that have been actually repaired.
- To date (03-31-06) we have received no returned letters.
