Recall Completions  
4th Qtr 200...

Kelly,

As we discussed this afternoon, there was an error in the recall completions figures in our 4th Quarter 2006 report, for the Eclipse Gear Shift Key Interlock Cable (06V414).

Actual number of vehicles inspected and repaired was 8.

Actual number of vehicles inspected not needing repair was 901.

These corrections have been made in the attached file.

(See attached file: Recall Completions 4th Qtr 2006.pdf)

My apologies for the error. In the future, if I should discover an error on a previously submitted report, I will send you an amended report immediately. Thanks for your understanding.

Sincerely,

Sharon Kaplan

MMNA 4th Quarter 2006  
Campaign Progress Report
