IMPORTANT SAFETY RECALL CAMPAIGN ANNOUNCEMENT
NHTSA Recall Campaign #06V-123

Dear Jayco Dealer:

This letter is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

DEFECT INVOLVED

Jayco, Inc. has decided that a defect, which relates to motor vehicle safety, exists in specific model year 2006 Jayco Jay Flight Travel Trailers.

Jayco has become aware that a typographical error was made, incorrectly stating the tire inflation pressure on the Federal Identification Label and the Tire Loading Information Placard. The affected travel trailers were shipped with labels that indicated a tire inflation pressure of 65psi (449kPA). The correct tire inflation pressure is 50psi (345kPA). If the incorrect tire pressure is used it may cause premature tire wear and failure.

The remedy includes replacing the Federal ID label and the Tire Loading Information Placard with the correct tire inflation pressure listed. If you are unable to perform this repair, please contact Jayco Customer Service at 1-800-283-8267 for assistance.

DEALER CAMPAIGN RESPONSIBILITY

We strongly suggest that you designate a manager to coordinate the recall to ensure the work is performed and documented properly, and that a warranty claim is submitted to Jayco to verify the performance of the modification. This responsibility should also include accountability for all stock units affected by the recall campaign.

All unsold new vehicles in your possession that are subject to this campaign must be held and repaired per the service procedure of this recall campaign bulletin **before** owners take possession of these vehicles.

Federal law requires that all units in your inventory be repaired prior to delivery to a customer. If you have sold a unit recently that you have received a stock recall notice on, please contact the owner immediately to advise of the recall. You may do this by sending a

copy of the retail owner recall notice. In addition, Jayco encourages you to follow up with a telephone call to the customer to assist in scheduling the repairs.

Authorized Jayco dealers are to service all vehicles subject to this campaign at no charge to owners, regardless of mileage, age of vehicle or ownership, from this time forward. Recall campaigns should receive the highest priority in your shop because of the safety factor involved and work must be scheduled promptly regardless of where the vehicle was purchased.

OWNER NOTIFICATION

Retail owners of record will be receiving notification of this campaign within two weeks of this dealer notification letter. A copy of the owner notification letter is attached for your review. When the customer makes the appointment the customer will need to give you the **"Recall Claim Form and the Federal ID Label"** that they received in their letter. This is the authorization to perform the recall. In addition, this is the **"Claim Form"** that you must submit to Jayco for payment. The customer must sign the claim form as an indication that the recall was performed. Jayco will no longer accept recall claims via the TRADEROUTE system.

FILING A CLAIM

Job Operation Number: 9901069

Time: See Instruction Sheets

If you have any questions regarding this recall or instructions, please contact us on your dealer service line 1-800-283-8267.

Thank you for your assistance.

Sincerely,

Jayco, Inc.

1. Peel off the incorrect Federal Certification label and the Tire Loading Information Placard from the unit and discard it.
2. Use acetone to remove adhesive residue from the trailer. Apply the acetone with a rag, rubbing in a circular motion.
3. Allow the surface to dry for approximately thirty (30) seconds.
4. Remove the protective back off the new Federal Certification label and the Tire Loading Information Placard, align the labels in the appropriate position and adhere the labels to the trailer. Make sure to remove any air bubbles from the sticker.

Caution: Once the new labels have come in contact with the trailer, **DO NOT** attempt to remove or adjust it. If this occurs, the label will be permanently damaged and will not adhere properly to the trailer. If the label is damaged, a new label must be ordered.

VEHICLE SAFETY DEFECT SERVICE BULLETIN

NHTSA Recall Campaign #06V-123

Dear Jayco Owner:

Unit serial number:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Jayco, Inc. has decided that a defect, which relates to motor vehicle safety, exists in specific model year 2006 Jayco Jay Flight Travel Trailers.

Jayco has become aware that a typographical error was made, incorrectly stating the tire inflation pressure on the Federal Identification Label and the Tire Loading Information Placard. The affected travel trailers were shipped with labels that indicated a tire inflation pressure of 65 psi (449kPA). The correct tire inflation pressure is 50 psi (345kPA). If the incorrect tire pressure is used it may cause premature tire wear and failure, which could result in a crash.

The remedy is to replace the Federal Identification Label and the Tire Loading Information Placard with the correct labels. The correct labels are enclosed with this letter and can be installed by you. Installation instructions are included with this letter to assist you.

If you choose to perform the recall yourself please return the enclosed reply page indicating the date of completion. If you prefer to have the labels installed for you, please contact your local Jayco dealer to arrange for a service appointment to have the labels installed.

Please present the **"Claim Form and the replacement Federal ID Label and the Tire Loading Information Placard"** to your dealer upon arrival of your service appointment. If you are not obtaining service from your original dealer, this service needs prior authorization. This will assist in making the necessary correction in the shortest possible

time and allow the dealer the ability to mail in the form to Jayco to confirm the recall repair has been performed. If you have sold or traded your vehicle, or for any reason cannot have this recall service performed, please let us know by completing the information on the enclosed post card and returning it to us promptly. Federal regulations require that any vehicle lessor receiving this notice must forward a copy of this notice to the lessee within **ten days**.

Your Jayco dealer is best equipped to provide service to ensure that your travel trailer is corrected as promptly as possible. If, however, you take your travel trailer to your dealer on the agreed service date and the dealer does not remedy this condition on that date or within three (3) days, please contact our Customer Service department at (574)-825-0608

After contacting your Jayco dealer and Jayco customer service and you are not able to have the safety defect remedied without charge and/or within a reasonable time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 400 Seventh Street, SW., Washington, DC 20590; or *call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.*"

We apologize for this inconvenience. However, we have taken this action in the interest of your safety and continued satisfaction with your Jayco Recreational Vehicle.

Sincerely,

Jayco, Inc.
