

ATTENTION: FINAL NOTICE

For the last year-and-a-half, Heil Trailer International has been routinely sending out the notice below to your attention. We have now fulfilled our obligation to NHTSA, and this is the final time we will notify you concerning the recall. If you still have units in your possession that have not had the upgrade kit applied, you need to notify Heil Trailer International immediately for resolution.

Best Regards,
Lynn H. Moses

Dear Customer,

Heil Trailer International (HTI) wishes to remind you of a letter you received via certified mail dated September 23, 2005 as well as subsequent telephonic and personal contact concerning the "Pull Trailer Frame Improvement".

In these various methods of communication; HTI communicated an engineering change to the existing California pull trailer with air ride suspension, designed to be a product improvement. The letter and personal communication called for immediate operator inspection of the HTI equipment in your fleet, encouraged immediate removal of the affected trailer(s) from service and the availability of a necessary upgrade kit to avoid potential damage to your equipment, damage to 3rd party property and/or potential serious bodily harm to individuals.

Upon receipt of this new communication, please contact Heil Trailer International at the following telephone number or email address to avoid potential property damage or serious bodily harm: 1-800-400-6913

Mike Johnson at ext. 574; [mjohnson@heiltrailer](mailto:mjohnson@heiltrailer.com) or David Anderson ext. 353; danderson@heiltrailer.com

If you fail to contact us, you may be significantly increasing your exposure to such risk.

Regards,

8/6/2007
