The owner renotification will begin in late May, 2007, approximately one week after the dealer notification. The owner notifications will be mailed over a period of several weeks.

3. Technical Instructions

Technical Instructions to conduct these campaigns can be found on **TIS**.

4. Number of Involved Vehicles

Due to privacy regulations, VIN only lists for the campaigns listed in section one will be distributed to each dealership's Service and Parts Managers. These lists are based upon the dealership's Primary Marketing Area (PMA) where applicable. If there is no PMA for a vehicle, it reverts to the selling dealership. Based upon our records, a dealership which does not have an affected vehicle in their PMA will receive a report indicating so. A report showing the affected non-completed vehicles by state is included with your Dealer Report.

5. Parts Ordering

The applicable parts ordering information can be found in the Dealer Cover Letter and Technical Instructions of the specific SSC/LSC. As a practice, please utilize the following guidelines to determine your parts order for this renotification activity:

- Check current stock levels.
- Order parts ensuring that dealership stock levels do not exceed 5% of the notices being mailed in your dealership's PMA.
- Subsequent orders should be based on customer appointments.
- Replenishment orders of parts should be based on a "sell one, buy one" basis.

6. Vehicles in Dealer Stock

Dealerships are requested to perform campaign procedures on any vehicles in your stock prior to delivery, provided that it has not yet expired in the case of an LSC. Always verify eligibility by consulting Dealer Daily/TIS prior to performing repairs.

To ensure customer satisfaction, please review this letter with your Service and Parts staff to familiarize them with the proper procedure for these Service Campaigns.

Thank you for your cooperation.
