The manufacturer of the vehicles covered by this Report is;

Sundowner Trailers, Inc.  
9805 OK Hwy 48 South  
Coleman, OK 73432

Vehicles Involved:

The vehicles covered by this Report are recreational vehicles that were equipped with certain models of refrigerators manufactured by Dometic Corporation between April 1997 and May 2003. We are currently identifying all models and individual units in question and will provide this information as soon as we have. All of our documentation on these older models is hardcopy only. We have assigned this task to (2) employees who are working full time. We estimate having the information needed by March 23 2007.

The vehicles were manufactured during the period from April 1997 through August 2003. Models could include; Sunlite LQ 550, 575, 740, 760, 700 gn, 705 gn, 710 gn, 720 gn, 725 gn, 727 gn, 737 gn, 777gn, Cargo gn, ProStock gn, StampedeSL gn, and Stock gn.

Total number of units manufactured that could be included 5,254.

Dometic has arranged to conduct a recall to remedy the potential defect in Sundowner's vehicles at no charge to vehicle owners. See Recall No. 06E-076. Pursuant to 49 CFR 573.6(c)(8)(i) and 573.13, owners will be advised that Dometic will reimburse them if they have incurred costs to obtain a remedy for a refrigerator containing such a defect prior to their receipt of the notification.

Sundowner has elected to allow Dometic Corporation to manage the administration of the forthcoming recall.

Dometic has not yet identified a proposed remedy for the potential defect. Once a remedy has been identified, Sundowner will submit a copy of our recall notification letter to identified owners and dealerships, to your office for approval.

Sincerely,  
Vic Cook  
Engineering Manager  
Sundowner Trailers, Inc.
